Greetings,

Calculated Pathways, Inc., is a non-profit organization seeking financial support for the expansion of programs that supports children, teens, and adults with autism spectrum disorder, intellectual and developmental disabilities. We are in partnership with The City of Douglasville Parks and Recreation Department, in Douglasville, GA. Currently we are the only program in Douglasville that is solely dedicated to supporting this very important population. Our programs provide evidenced-based resources that promote equity in health, safety in communities, and inclusion for the populations we serve. Respect, psychological safety, and inclusivity are at the foundation of our work so autistics residing in low-resourced and underserved communities are supported. Our programs include summer camps, after-school programs, social skills groups, family workshops and necessary support structures for adults to increase life skills for greater independence.

We hosting our 1st Annual Fundraising Gala and our fundraising goal is \$50,000. These funds will help to support our current programming and expand our services to other low-resourced areas as well. We would love to schedule a time to speak with you to discuss ways on how you can become a sponsor and help support the families impacted by autism and intellectual disabilities.

For your support, we will add your company's logo to our website for visibility, provide you with tickets to our upcoming Gala on Saturday, April 27, 2024, at Crossroads Church of Douglasville, in Douglasville, GA. You will also receive Honorable Mention or advertising space in our program, swag bags filled with items from other sponsors and community partners.

In closing, if you are interested in becoming a critical partner, please email jjordan@calculatedpathways.org, to receive further information on how to complete your partnership opportunity or scan the QR code below. Also visit our webpage: calculatedpathways.org, for more information.

We wish to express our heartfelt gratitude in advance for your support.

Sincerely,

Janet Jones-Jordan, CDP®
