About US

With a wealth of experience and knowledge in the care sector Founder of Belvoir Homecare Lorraine Durrance wanted to provide a care service in the rural areas of Nottinghamshire & Leicestershire.

We understand that choosing the correct care provider can be a challenging task and we are here to guide you to ensure you receive the correct advice and knowledge to tailor your care package to meet your care needs.

Established in 2011 we have a wealth of experience and knowledge to support you and your loved one's to living an independent life.

Areas we cover

The villages of Southwell, Vale of Belvoir & villages located off of the A52 & A46, however this list is not exhaustive and we will be happy to discuss your needs if outside of these perimeters.

Palliative
Continence

Respite Care

We offer respite care
between the hours of 6am
to 10pm if you need
temporary support or to
allow your regular carer to
take a break.

Why Choose Belvoir Homecare

At Belvoir Home Care we only recruit individuals that are empathetic, compassionate, friendly & experienced. We provide them with a comprehensive training programme to equip them with the skills and expertise they need to provide the highest level of care. We offer ongoing support to our team and are committed to developing their professional growth and skill set.

We are an independent business and all of our carers are employed directly, we do not use agency staff and therefore can provide a consistent and dedicated care package.

Time for you

We believe providing quality is not achievable in 15 minute calls. In 2011 we pioneered the way to provide 1 hour minimum calls. This enables our carers and clients to build an effective working relationship and ensures the time needed to complete tasks, observe any changes , meet the needs of the individual as well as giving peace of mind to our clients and their families.

Based on your needs, preferences and personality, we will match you with a carer/s to start your individualised package.

How do I know if I need care?

Choosing Care is a very big decision and choosing the right support can be challenging. There is no 'minimum standard' that needs to be met to qualify for support, it is a very personal choice.

Some of our clients like to set something in place early on in the way of domestic support, so that when the time comes for more personal care, the relationship and trust has been developed with the team of care givers and the company.

Other clients are informed by hospitals of social services that they need to find some support to remain at home, and so care packages are requested at short notice to enable a safe discharge from hospital or respite support.

Typical signs that may lead us to be called include: memory lapses, low mood, repeated falling, changes to dietary requirements and hygiene issues.

We will visit you in your home to carry out a face to face assessment and discuss your care needs and requirements.

Funding Your Support

One of the biggest questions we get asked is how the funding for services like ours works.

We are a private company, so we don't have any social services contracts, we do however work with them, the palliative care team and the continuing care team on a regular basis to help source care provision.

As we are a private company the care we provide is funded using

- Pension schemes
- Disability allowance
- PIP
- Savings
- Equity release on a home.

However, some of our clients fall below the threshold of £23,250

(as of 2025) and so they undergo a financial assessment and a needs assessment with social services, who then make a contribution towards their care costs through direct payments.

How to arrange an assessment

If this guide has helped you decide what sort of support you are looking for, or if you are interested in finding out more information on our services, please do make contact with one of our care advisors today for a no obligation chat.

You can contact us through a variety of methods:

Through our website: www.belvoirhomecare.co.uk

Via email: enquiries@belvoirhomecare.co.uk

Call Us: 01949 829307

Via post: Belvoir Home Care Ltd
Barn 2, Shackerdale Farm,
Fosse Road,
Car Colston
Nottinghamshire
