## **World Orphanage Foundation**

Unity Movement Through Humanity!

World Orphanage Foundation (WOF) is a non-religious, non-political, non-profit USA-based organization founded in 2011 by an Afghan-American businesswoman, Sara Kazimi. WOF has recently opened its branch in Kabul, Afghanistan to expand its humanitarian activities and contribute to the betterment of Afghanistan.

The organization holds fundraising events annually to benefit the underprivileged. As of today, the organization has a track record of helping over 100,000 families in Afghanistan, India, Africa, and the United States of America. In addition to creating job opportunities, building water wells, helping with education, and distributing food packages to vulnerable families, this organization is currently building a boarding school for Afghan orphans. Moreover, the organization has been very productive in the agriculture sector.

A WOF is an organized public movement. It's the right of every donor to know where their money is going and how it's being used. Each and every public donation directly funds education, food, shelter, and development projects in vulnerable countries, and we document every dollar by showing photos and GPS coordinates.

WOF's mission is Bridging Afghanistan with the World! We are speaking for the voiceless, bringing like-minded individuals together to help Afghanistan's GDP grow while we are building our first school for girls

## How We're **Helping**

We are a nonprofit organization focused on helping make the world around us a better, happier place. With the help of our tireless staff, we organize fundraisers, community-building events, and in-depth training sessions for our volunteers.

## **HOPE MEDIA EVENT**

Leobella organizes annual fundraising events to benefit those in need regardless of race, creed, or language through World Orphanage Foundation. The year 2021 is dedicated to Afghanistan, whose government was shut down by the Taliban on August 15, 2021. According to our survey more than 50% of Afghans are displaced internally or migrated to foreign countries. Those who are internally displaced face lack of needs and most of them are in urgent need of shelter, medical aid and food help.

Hope Media Event will be held on November 7, 2021 at The Beverly Hilton Historic LA hotel. Our theme this year is Small Charity Builds a Great Future, Let's Go!

We are drumming up media attention bringing notice not just to the event, but World Orphanage Foundation and its mission to help orphans in need worldwide.
