

# MAD FOX FARMS

# SPECIALTY NURSERY

# & SERVICES

**Welcome to our specialty nursery, where nature's harmony meets mindful stewardship!**

At Mad Fox Farms, we are passionately dedicated to crafting permaculture landscapes that not only captivate the senses but also nurture our delicate ecosystem. Nestled at the heart of Cascade Idaho, our ever-evolving nursery is a haven where the art of gardening and productive landscapes intertwines with the science of conservation.

Drawing inspiration from the fascinating relationship between fungi, flora and fauna, we specialize in curating Firewise plants that not only bloom with vibrant hues but also stand as resilient barriers against the unpredictable embrace of wildfires. Our commitment to safeguarding both your sanctuary and the wild landscapes that surround us is at the core of everything we do.
