

## Rebuilding the Church in a *Post-Covid World* The Life of St. Francis of Assisi as a Model For Growth and Renewal

How has the Covid-19 pandemic affected our life of faith? How can we individually and collectively help to re-build the Church and renew and grow in our walk of faith as we emerge from the pandemic and begin to interact with the world?

St. Francis of Assisi journeyed from a life of worldly prosperity, seeking fame and fortune to a life wholly conformed to Christ. His search for God led him through stages in life that mirror our current pandemic experience. Living an authentic witness to the Gospel, St. Francis inspired and transformed the Church in his day by inspiring and transforming the living stones, layiety and clergy, who wished to follow Jesus following the exmample of St. Francis. Today, as in the time of St. Francis, we too, are called to re-build the Church through our individual and collective witness to the Gospel.

*“David Seitz was very faith-filled as he shared his morning with the Regina Faculty during our yearly staff retreat. He inspired us with his knowledge and insights on the life of St. Francis. His message was especially impactful during this time of the pandemic as he related the struggles and journey of St. Francis while comparing it to the challenges we are facing in this difficult time. We are renewed in mind and spirit to begin the school year. Thank you Mr. Seitz for a deeply enriching and positive experience.”*
