A Lil About Us @ Nina's

We simply love our fresh and local & value our neighbors so, everywhere we can, we source from local businesses and farms. We take pride in each dish and the hard work that goes into building your meals from scratch.

Off Menu Ordering

We have put our heart into crafting this unique menu, and we hope you love it as much as we do, but we also appreciate that sometimes you may be looking for something else. If you would like to design your own menu item and don't mind spending a little extra for the additional effort (starting @ \$5 but the price will be determined by the cook), we will do our best to accommodate you. This may not always be possible depending on staffing, inventory, and demand in the kitchen, but we will do our best.
