Help Men on Their Recovery Journey
With Monthly Giving

Everyday in this country 221 people overdose and die.
Each person was someone's loved one.

Your monthly tax deductible donation of \$20 will bolster our scholarship fund for men to be able to come into the house before they have a job, provide activities to learn that you can have fun in sobriety and add to our capital fund to keep up with building maintenance.

"On 8/23/2018, I had received an acceptance letter from Gilly's House and came right from the Dedham House of Correction. I thought my life was over due to using substances for close to ten years. I was unemployable, exhausted all my finances, had no license and low self esteem. Three years later, I completed school to receive my CDL Class A drivers license and raised my credit score 115 points. This gave me the chance to finance a 2017 truck. This house has been nothing short of amazing to me. It's given me my normal life back and then some. I will forever cherish this moment I had to experience." - JP

"Just came up on my one year mark of sobriety. Never thought I'd say that. Last January I went to detox, then to rehab, and finally found myself at Gilly's. My real recovery began at that old yellow house. I owe a lot to the relationships I made there. The family we had there was great. To the staffers and to the other residents :), I owe thanks. I would not be where I am today without the community I had there." - Anonymous

"I should've seen it as a sign that my parents names are 'Barbara' and 'Dave'. I will forever be grateful for Gilly's House. I didn't think that I would be living the life I am today. You two have created something so special and powerful in this home and that is what it has been for me for the last nine months, a home. I am forever thankful." - Anonymous

"On March 6th, 2020 I moved to West Street with two nickels in my pocket and 30 days of unwelcome sobriety -- I had no idea what to expect! I had lost everything that was once good and still was not sure I cared about anything other than where I'd find my next drink. I knew I hit rock bottom. I knew if something didn't change I'd be left all alone either on the streets, in a jail cell, or.... Gilly's House is exactly what I needed to regain some control and take back my life. Unbeknownst to me I would find solace here."
