### Beth Butler – NC Business Leadership Network

She talked about the NC Business Leadership Network which works to empower businesses across NC to achieve disability inclusion and equality in their workforce, supply chain and marketplace.

## Foundation

### Paul Harris Fellow

On February 23, 1905 Paul Harris and three business friends came together and shared the idea "Why not have a fellowship composed of businessmen from different occupations, without restrictions of politics or religion?" They named it the Rotary.

On January 27, 1947 Paul Harris died and more than 300,000 Rotarians mourn. An outpouring of contributions to The Rotary Foundation started the Paul Harris Memorial Fund.

A donation of \$1,000 is called a Paul Harris Fellow.

# The Rotary Foundation

Doing Good In The World

The Rotary Foundation transforms your gifts into service projects that change lives both close to home and around the world. During the past 100 years, the Foundation has spent \$3 billion on life-changing, sustainable projects. With your help we make lives better in our community and around the world.

### Why should I donate to The Rotary Foundation?

Your donation makes a difference to those who need our help most. More than 90 percent of donations go directly to supporting our service projects around the world.

### How does The Rotary Foundation use donations?

Our 35,000 clubs carry out sustainable service projects that support our six causes. With donations like yours, we've wiped out 99.9 percent of all polio cases. Your donation also trains future peacemakers, supports clean water, and strengthens local economies.

### What impact can one donation have?

It can save a life. A child can be protected from polio with as little as 60 cents. Our partners make your donation go even further. For every \$1 Rotary commits to polio eradication, the Bill & Melinda Gates Foundation has committed \$2.

### PROMOTING PEACE

Rotary encourages conversations to foster understanding within and across cultures. We train adults and young leaders to prevent and mediate conflict and help refugees who have fled dangerous areas.

### FIGHTING DISEASE

We educate and equip communities to stop the spread of life-threatening diseases like polio, HIV/AIDS, and malaria. We improve and expand access to low-cost and free health care in developing areas.

### CLEAN WATER, SANITATION & HYGIENE

We support local solutions to bring clean water, sanitation, and hygiene to more people every day. We don't just build wells and walk away. We share our expertise with community leaders and educators to make sure our projects succeed long-term.

### SAVING MOTHERS & CHILDREN

Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation. We expand access to quality care, so mothers and their children can live and grow stronger.

### SUPPORTING EDUCATION

More than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

### GROWING LOCAL ECONOMIES

We carry out service projects that enhance economic and community development and create opportunities for decent and productive work for young and old. We also strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.
