**FINN-Line
was founded in 1940**

With over 78 years in the business,
we are proud to say that
FINN-Line is still owned and operated by family.

Our company was originally run as a
printing job shop, but these entrepreneurs were
quick to recognize opportunities waiting in the
"Advertising Specialty Industry".

Our market, now known as
"Promotional Products International",
is one of the most effective
advertising media of our day.

GUIDING PRINCIPALS

We're proud of the strong roots we've built in our community. We pride ourselves on being a complete source for all of your business communications needs. We have always been on the leading edge of technology, because we sincerely believe that an investment in technology can actually save our clients money, by improving efficiencies.

We will continue to evolve as a diversely skilled, fast-moving team of professionals ready to learn from each other and meet whatever challenges our clients may face.

Our growth and expansion throughout the years have been a point of pride, but nothing compares to the pride we take in the work we do.

The goods and services we provide are instrumental in achieving the communication and marketing goals and objectives our clients wish to achieve.

MISSION STATEMENT

We create long term visual communication through print. We accomplish this with expert customer service and 78 years of experience.

We produce a product of quality at an efficient rate which yields recognition for our distributor's customers.

Our catalog is full of product ideas to help you market your business. Stay in front of your clients & customers by providing them with something useful. Here you'll find an index of our most popular products, if you can't find exactly what you're looking for, let us help by providing you with a custom Kwik-Quote

All Mar-Pruf decals are over-laminated and have permanent back-side adhesive. Choices include- White (KNMP-VC), Clear (KNMP-CC) or Chrome (KNMP-KC). All printing is protected from abrasion, UV contamination and weathering by a tough, crystal clear coat of polyester for extended durability. Clear lamination helps intensify color imaging. Consecutive numbering is available. Contact us for FULL COLOR options or die cuts. Artwork is required for logos, typstyles or special layouts and must be approved. Special or matched colors, add \$35.00(g). Production time is 5-10 working days. Pricing is for one color. Special shapes / die cuts or FULL COLOR are available on Kwik-Quote

FINN-Line Custom Expertise

Art: FINN-Line has full pre-press and professional art facilities.

Die Cutting: Special shapes (other than square or rectangle) requires a one-time die charge of \$140.00(g) up to 100 sq. inches, simple shapes. Larger sizes and/or more detailed shapes available on Kwik-Quote. No charge for circles every 1/2" up to 8"

NOTE: FINN-Line does not charge extra for running the special shapes.

Round Corners: Add a charge of \$33.00(g) per 1000 pieces (min).

Perforation: Available on elected materials by adding extra color charge.

Over Lamination: An ultimate imprint highlight and protection in either crystal or matte finish at an additional charge.

• **Adding Note Grabber Surface:** Available on nearly every FINN-Line material offered. Product approval is required.

GRABBER SURFACE ADD-ON:	250	500	1000	1500	2500

51 to 60 sq. in.	.56	.50	.47	.46	.42

Larger areas available on Kwik-Quote.

Clear Coating: A liquid over coating that also provides protection.

Special Packaging: Available on selected products.

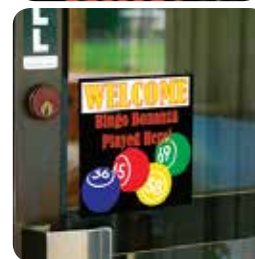

Consecutive Numbering: Available on nearly every FINN-Line material offered.

Note: Prices above do not guarantee no skips or misses (guaranteed number sequence available on quotation). Changes in color and/or copy requires an additional charge of \$32.50(g).

FINN-Line can also consecutively number in silk-screen inks for long term outdoor applications. Contact your Personal Account Manager for details.

Price block is for standard consecutive numbering applications.

CONSECUTIVE NUMBERING	125	250	500	1000	1500	2500
Any size numbering (limited fonts):	.48	.27	.19	.17	.14	.10

Designated Adhesives:

Permanent Adhesive: For long term, permanent applications also used on security type destructible non-transferable decals which will shred or in some cases leaving the word "VOID"

Removable Adhesive: Allows secure application with easy clean removal. Used on Bumper Stickers and Window Decals.

Removable Adhesive: Allows the end user to reposition or remove cleanly and re-apply. Used on Counter Mats, Wall, Table or Floor Graphics, etc.

FINN-Line Printing Capabilities:

Silk-screen: Lays a heavy coating of ink for more vivid color to stand up against UV exposure. Ideal for larger SIGNS and DECALS of various sizes. Recommended for most materials (Vinyl's, Polyesters, Reflexives, Paper Boards and corrugated boards).

Digital Printing: Provides FINN-Line with the means to give superb FULL COLOR production in a short time at a minimal cost, while also providing the opportunity for personalization. Recommended for most materials.

Offset (Lithography): Provides FINN-Line promoters with fine line, detailed reproduction for inside window and indoor applications. Ideal for multi-color process on a wide selection of materials. Consult with your INNOVATIVE professional, a free phone call away.

Letterpress: The support for consecutive numbering and die cutting (shaping).

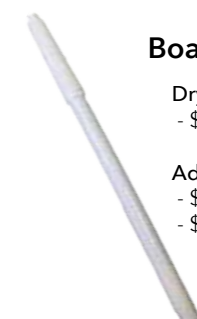

Thermal Printing: Bar Coding and Numbering removal. Used on Bumper Stickers and Window Decals.

Proofs:

- First time black and white fax, e-mail or paper proofs, no charge (8" x 10" maximum size)
- For proof changes (involved or large) contact your Personal Account Manager
- Alterations to proofs done correctly per specifications provided to us will require art charges for subsequent proofs.

 - FULL COLOR art should be supplied in a non-compressed format, CMYK (no gif files).

FINN-Line is an expert at four color process reproduction on special substrates like textures vinyl's, polyesters, rigid plastics, and other difficult surfaces. This is a delicate process recreating tones and hues (photos, paintings, etc.).

ART & COLOR

PREPARING & SUBMITTING YOUR ART:

Artwork is required for logos, tpestyles or special layouts and must be factory approved or a minimum charge of \$60.00(c)/hour will be added.

• Submitting Artwork:

- E-mail: 7mb file size limit, use .zip or .sit compression on attachments
- FTP via your server e-mail location, user name & password
- CD, DVD or flash drive

• Tips for trouble free art:

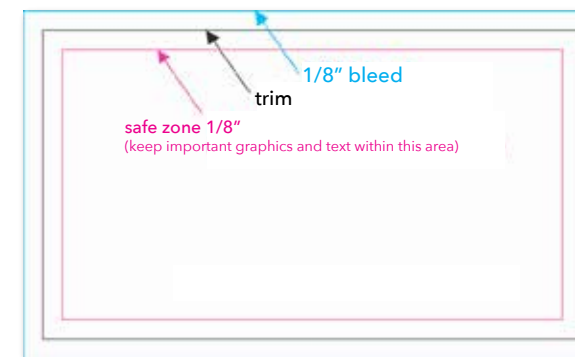

- Convert fonts to lines/outlines/paths
- Indicate die/cut line
- Include bleed when needed
- Identify Spot Colors
- Include a .jpg or color print out for reference
- Submit a copy for verification

Bleeds, Safe Zone and Trim Size:

Bleed: Ink extended past Final Size to allow for full background coverage. Standard allowance is 1/8" beyond trim

Trim Size: (line does not print): Final cut size of product

Safe Zone: (red dash, does not print): Put all text and important images inside the Safe Zone. Zone varies on product size. The larger the product the larger the span between trim size and safe zone. Minimum is 1/8" span.

Flood, Halo or Super Imposed White for Clear Materials:

White is recommended for clear materials. It provide color enhancement and opacity.

NOTE:

We hope it is understood that we cannot be held responsible for errors on hand written or fax orders.

Standard Order Requirements:

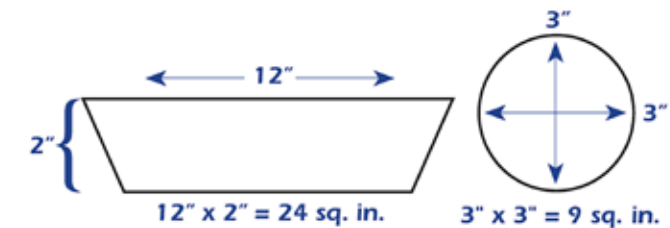

- The order can be received by mail, fax, e-mail, SAGE, ESP Transact or Distributor Central
- Orders have to be clearly type written to assure accuracy
- Quantity of product required
- Stock Number and Material (when required)
- Clear, Clean Copy and/or factory-approved Artwork
- Order quantities must be in increments of quantities listed
- Price list 'extra colors' are Spot Colors
- Less than Minimum: FINN-Line does not accept standard orders for less than min. quantities shown in the catalog
- Repeat Orders require our previous order number & date to assure an exact duplication. ALL files (paper, film, copy, dies, etc.) are eliminated every 3 years. Repeat orders after that time are considered a new order.
- Additions to your standard order must be clearly noted (ie. Changes in Copy, Color, Special or Matched Colors, Special Shapes, Clear Coating or Lamination, Special Packaging, etc.). Most of these additions are priced or noted at the bottom of each page. Consecutive Numbering is available on nearly any FINN-Line standard product.

Custom Order Requirements:

- Customized items are priced similar to standard items except the products are priced by square inch.
- No Set Up Charge.
- If the price box does not apply, you will need a Kwik-Quote You can reach us by phone, fax, our website or email.

Measuring Custom Orders:

Square inches are determined by measuring the furthest point of the height x width = square inches
