

1. Who was the first man in space?

---

---

---

2. Who was the first American to orbit Earth and when did that happen?

---

---

---

3. When did the first woman make it into space and what was her name?

---

---

---

4. When did the first American woman make it into space and what was her name?

---

---

---

5. Why were there 3 different major phases to this aspect of the American space program?

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There are no margins, text, or other markings on the paper.

6. How did the development of technology change throughout the 3 major phases?

---

---

---

---

---

---

---

---

---

---

7. What other accomplishments have been made in space exploration since these 3 major phases?

---

---

---

---

8. Why do we remember Apollo 13 today?

---

---

---

---

---

---

---

9. What do you see happening next in space exploration?

---

---

---

---

10. What do you think the next big discovery will be?

---

---
