Flat Rate Annual Inspection includes oil and filter change, spark plug service, air filter replacement if applicable, ELT testing IAW Part 91.207(d) and all other actions to inspect aircraft IAW Part 43 Appendix D. All required parts to perform the above actions will be billed separately. Correcting discrepancies found during the inspection will be billed at normal shop rate plus parts. The flat rate does not include labor to comply with applicable Airworthiness Directives, Instructions for Continued Airworthiness for STC's or additional research required due to incomplete logbooks.
