

Hope Family Fitness & Play

Our healthy family mission is not only with fitness and play! We are proud to say that our private workout facilities and playground are the cleanest around!

We brought in the best professional cleaning company in Northeast Ohio to do a deep before re-opening and strictly follow the procedures outlined below to ensure our facility is sanitary and safe for families.

- **Certified COVID-19 Disinfection of Facility**
Avenger Services was brought in and completed a thorough disinfection of the entire facility with organic products highlighted for their ability to kill COVID-19. We continue to partner with Avengers to ensure a high level of sanitization is adhered to for everyone's safety.
- **CAVI™ Wipes and Disinfectant Sprays**
This hospital grade cleaner is often found in operating rooms, surgical centers, and neonatal units. Our workout equipment / play toys are wiped down before, during, and after business hours with CAVI products. Please note that any mouthed toys by young children are removed from play for immediate disinfection.
- **Lysol® Wipes and Disinfectant Sprays**
This cleaner was highlighted in USA Today for its abilities to protect the spread of viruses including COVID-19. Lysol products are used throughout the day on all common area equipment such as doorknobs, counters and even the tablets used to complete new guest forms.
- **Hand Sanitizer Stations and Instructed Use**
Guests are required to use foaming hand sanitizer before entering fitness rooms and / or playground. Staff will provide instructions to young children to ensure hands are cleaned thoroughly. In addition, our facility provides multiple sanitizer stations to allow guests to freshen up during their stay.
- **Healthy Guest Checks**
Guests (including guardians on behalf of young children) must verbally verify that they are healthy upon visit and will be asked for a temperature screen. Any guest with an elevated temperature will kindly be asked to return once well on a different day.
- **Limited Guest Capacity**
Fitness class and playground occupancy will be adhered to per Ohio's recommended guidelines at a ratio of 1 employee per no more than 9 guests in a specific room.
- **Cubby / Storage Areas**
Guests will be asked to use 'every other cubby' to limit contact between belongings. All cubbies will be sanitized before next use. We do ask guests to please limit the amount of personal belongings being brought in the facility.

Hours of Operation

Personal Training sessions are available Mon-Fri and scheduled via our calendar app. Parents are welcome to have school-age children play while they workout with their personal trainer at no additional cost.

Indoor fitness classes should resume by fall. Outdoor boot camp classes are currently available on Tuesday & Thursday evenings. Outdoor yoga for adults are offered on Sunday mornings. Please check out our website for details and any other offerings that may be scheduled.

Open Playground Hours

Monday / Tuesday: Closed

Saturday: 12pm to 6pm

Wednesday / Thursday: 12:30pm to 4pm

Sunday: 12pm to 5pm

Friday: 12:30pm to 4pm

Note: Private parties may alter available times on weekends. Check out "Closed for Party" page on our web site.
