

# Sleepin' In

**Background:** Sometimes you just want to get away and hide. Pull the shades down. Put the do not disturb sign up. Turn your phone off. And exist all alone.

**Written:** 2024

## Verse

Ain't settin' an alarm tonight  
Don't want no wakeup call  
My Do Not Disturb sign's hangin'  
On the doorknob in the hall

Don't want room service  
My bed's already turned down  
Tell the maids to ignore me  
Just wanna be a ghost in this town

## **Chorus**

I'm too tired to play a game  
That I know I can't win  
So come tomorrow  
You'll find me sleepin' in

I don't deny what you're sayin'  
You were always my worst sin  
So come tomorrow  
I'll be sleepin' in  
Yeah I'll be sleepin' in

## **Verse**

I'm not answerin' the phone  
I'm ignoring your texts  
You can go on with betrayal  
You never cared who it affects

Ain't gonna see the sunrise  
Or even the sun at noon  
Keepin' the blinds closed tight  
May not see tomorrow's moon

## **Chorus**

I'm too tired to play a game  
That I know I can't win  
So come tomorrow  
You'll find me sleepin' in

I don't deny what you're sayin'  
You were always my worst sin  
So come tomorrow  
I'll be sleepin' in  
Yeah I'll be sleepin' in

## **Bridge**

I'm so tired of hanging around  
Dangling 3 feet off the ground  
Get me off this merry-go-round

## **Interlude**

## **Chorus**

I'm too tired to play a game  
That I know I can't win

So come tomorrow  
You'll find me sleepin' in

I can't be stuck here waitin'  
On the outside looking in  
So come tomorrow  
I'll be sleepin' in  
Yeah I'll be sleepin' in

So come tomorrow  
I'll be sleepin' in  
Yeah I'll be sleepin' in
