

I Reminisce

Background: Written in the mid-90s and I found it recently on my computer. I don't remember what my thought process was at the time or what this was about.

Verse 4

Am G F G
With blood-stained hands I reminisce
Am G F G
The girl is gone but thoughts subsist
Am G F G
Hearts on fire burn at the stake
Am G F G
She lived for a promise he could not make

Chorus

C G
No she hasn't called for days
Am
Seems like years
G
I miss her I'm so many ways
F
I do regret the mistakes I've made
C
I reminisce about them
Am G
Each and every day

Bridge

F
She says she'd wait for the man
C
That would give her more than a name
Am
But I reminisce about dispelling the myth
G
That I was ever less than I claimed

I Reminisce

Verse

With a guilty mind I reminisce
The tempted man could not resist
Memories flood back in full detail
Reminders of past betrayal

With conflicted heart I reminisce
Thoughts entertained are soon dismissed
The face that hides behind the mask
Answers the question she would never ask

Chorus

No she hasn't called for days
Seems like years
I miss her I'm so many ways
I do regret the mistakes I've made
I reminisce about them
Each and every day

Verse

With bloodshot eyes I reminisce
A pact betrayed by a woman's kiss
Clouds of doubt hover overhead
Confusion cast with words left unsaid

With blood-stained hands I reminisce
The girl is gone but thoughts subsist
Hearts on fire burn at the stake
She lived for a promise he could not make

Chorus

No she hasn't called for days
Seems like years
I miss her I'm so many ways
I do regret the mistakes I've made
I reminisce about them
Each and every day

Bridge

She says she'd wait for the man
That would give her more than a name
But I reminisce about dispelling the myth
That I was ever less than I claimed

Verse

With conscience free I reminisce
Fear and doubt cease to exist
The guilty resolve to forgive their sins
Victims are left damaged within

With peace of mind I reminisce
The angel came to grant her wish
Her hand a key, the chains released
Free at last and at last at peace

Chorus

No she hasn't called for days
Seems like years
I miss her I'm so many ways
I do regret the mistakes I've made
I reminisce about them
Each and every day
