# Disappear

## Verse

**E**

Is this a new tear

**E**

Is this something new dear

**Asus2**

That I see on your face?

**E**

Are you aware

**E**

That your despair

**Asus2**

Is shared in this embrace?

**E**

I must confess

**E**

I once second guessed

**Asus2**

The feelings that I've displayed

**E**

But in that one moment

**E**

Being alone meant

**Asus2**

I'd always be afraid

## Chorus

**Bsus**

So come lay with me now

**Asus2**

And disappear

**Bsus**

Come stay with me now

**Asus2**

We'll disappear

**C#m7**

To me you are a world

**G#m**

Words cannot define

**Bsus**

In your eyes I run

**Asus2**

And leave the whole world behind

**Verse**

**E**

Well don't be afraid now

**E**

Don't feel betrayed now

**Asus2**

Don't show any shame

**E**

If only the truth

**E**

Was as naive as youth

**Asus2**

On it we could place the blame

**E**

I must admit

**E**

It's hard to commit

**Asus2**

When the future's so unforeseen

**E**

But faith justifies

**E**

What's often belied

**Asus2**

By the spaces in between

**Chorus**

**Bsus**

So come lay with me now

**Asus2**

And disappear

**Bsus**

Come stay with me now

**Asus2**

We'll disappear

**C#m7**

To me you are a world

**G#m**

Words cannot define

**Bsus**

In your eyes I run

**Asus2**

And leave the whole world behind

**Bridge**

**C#m7**

Close your eyes

**G#m**

Don't you cry now anymore

**Bm7**

Recognize and don't deny

**F#m**

What we had before

**C#m7**

In me confide any time

**G#m**

You feel insecure

**Bm7**

Erase the lies

**F#m**

Know inside we will endure

**Verse**

**E**

The road for us now is bright

**E**

But somehow

**Asus2**

It's still so hard to see

**E**

If I follow you

**E**

Faithful and true

**Asus2**

I'll know what's in front of me

**Chorus**

**Bsus**

So come lay with me now

**Asus2**

And disappear

**Bsus**

Come stay with me now

**Asus2**

We'll disappear

**C#m7**

To me you are a world

**G#m**

Words cannot define

**Bsus**

In your eyes I run

**Asus2**

And leave the whole world behind
