Another boring day

A soul sucking waste of time

D

Well she can't get over

My morning hangover

C

Was gone within a blink

G
I just can't comprehend

How she thinks
Am
She wonders
C **G**
She wonders why I drink

Verse

G
Working overtime
C
Dealing with petty crap
G
Like an old guitar string
D
I'm about to snap
G
The only solace I take
C
Is knowing at day's end
G
There's a bottle waiting
D **G**
Sometimes my only friend

C
Days like these

She and I should be in synch
D
Yet she wonders

With incredulity

Like I'm the missing link

How low I can sink

She wonders

She wonders why I drink

Bridge

D
Walk into my home
Am
She's already mad
C
And I don't know what I did
D
No "How was your day, Hon?"

No "happy to see ya"

Instead it's "Go talk to YOUR kid!"
