ARGOS IS UNDER CONSTRUCTION, BUILDING THE BEST IT CAN!

Building Boom Hits Argos! Yes, buildings are being constructed, additions are being made, and bodies and minds are being developed. All around the Argos community, projects are being undertaken and completed. New industries are moving into Argos where they are constructing their buildings and factories.

Argos Community Schools recently constructed a new athletic field. In the summer of the 1983-84 school year, Argos Schools made new additions in the industrial arts, home economics, and music departments.

In addition to all of the new facilities being built in the community, Argos is also developing good citizens who are loyal to their home town and school. From childhood to grade school to high school and on up through adulthood, the Argos atmosphere is developing a special kind of people — people who care. The people of Argos help each other to reach their potential.

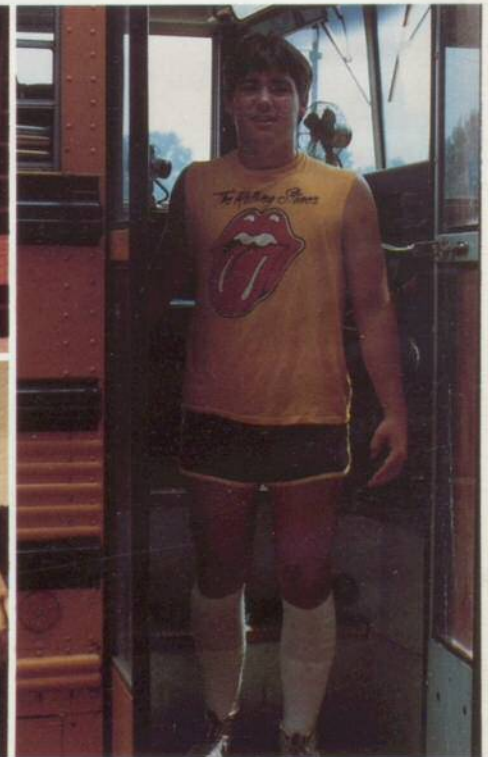

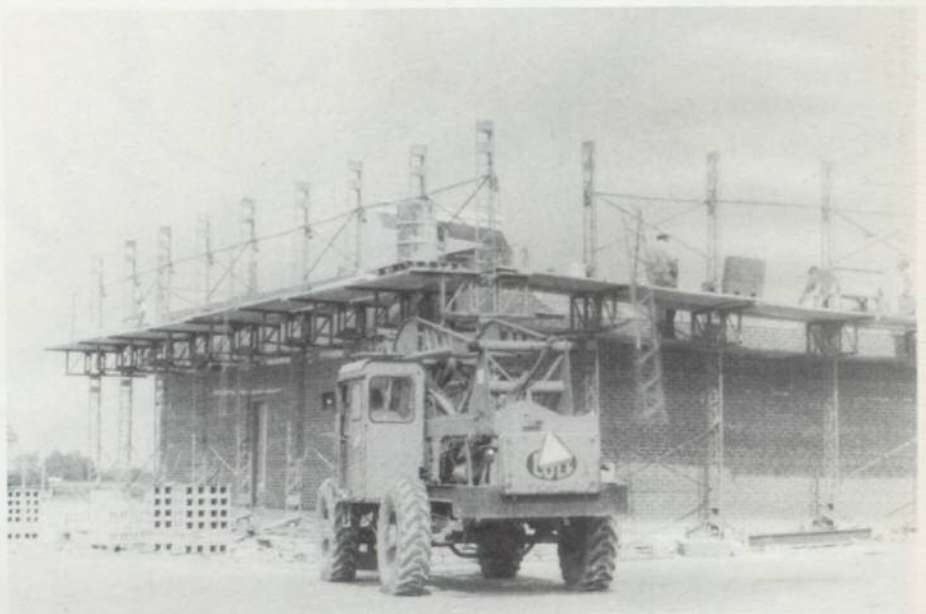

Argos is under construction, building the best it can!

Little Argos didn't do a little show! The Argos Marching Dragons had a fine summer this year placing well at all parades they attended. The parades in which they participated include the following: Walkerton 4th of July Parade — 3rd Place; Argos 4th-A-Bration; Warsaw Pioneer Days — 1st Place; Niles Babe Ruth Little League World Series Parade; Plymouth Blueberry Festival Parade — 1st Place and Overall Best of Parade Entry; Indiana Band Tournament at Muncie — 7th Place, Class B; and Indiana State Fair, 21st Place.

This is an outstanding record for such a small school. This year the Marching Band contained 48 instrumentalists, 12 Pom Poms, 6 Flags, 2 Banner Carriers, and the Drum Majorette for a total of 67 members.

All the winning did cost a lot of work. The band practiced from 6 to 8 every evening in the summer. They also attended Band Camp which lasted from 9 to 5 every day for a week. The band puts a lot of work into their programs.

VALERIA
BALLARDIN

Valeria is a foreign exchange student from Manaus, Amazonas, Brazil, staying with Jean, Bruce, and Jana Stauffer. Manaus is a medium-sized town having a population of 800,000. Located very close to the Amazon River, Manaus is a mixture of modern and old customs and architecture. Valeria arrived on January 17. She attended the Nossa Senhora Ausciliadora school in Brazil which has 2,000 students. Here she took five classes from 7:30 a.m. to 12:00 p.m. Lower grades attend school in the afternoon. Here is what Valeria says about her stay in Argos: "I'm really fine and happy. Here I found a big number of friends and a good school. My family is wonderful, and it's good to live in a smaller city. This experience made me lose something in Brazil, but it gave me the double knowledge of good things here. And, I'll go back in July. I'm studying speech, biology, P.E. (helping), Spanish IV, literature, composition, and U.S. History. It's been hard to understand the language, but it's getting better. I like the teachers and I'm trying to do my best."

The Office Helpers perform a variety of

tasks making our school run more smoothly. The girls pick up attendance slips from each room at the beginning of each period, answer the phone, and run errands. More specifically, they alphabetize names of students who are absent and look up their phone numbers, run the copy machine, distribute incoming mail, help count lunch money, file various papers, and keep an inventory of the forms and supplies used by the faculty and staff.

grades, have good personalities, and be able to get along with students of all ages.

The Drama Club puts on one play in the fall. The officers are: Rod Miller, President; Reva Castle, Vice President; Traci Miller, Secretary; Lori Nolin, Treasurer.

FEA attempts to develop a better understanding of the educational profession and its influence on society. FEA runs the coat check at games and the Goody Shop at Open House. Members serve as classroom assistants.

Many hours were spent by our 30 staff members putting together the 1984 yearbook. A poster hanging on the wall in the yearbook work area says it all — "Out of Chaos — A Yearbook." First we sell ads to local businesses to finance the book. Then we have our book sales project headed by Co-Editor Traci Miller. Our editor directs each section by helping to decide on a basic layout; the sec-

tion editors take over and see that all pictures are assembled and cropped and that copy is written.

lor, Kristi Snyder, Angie Thompson. Row 2 —
Joy Zehner, Marcia Clark, Pam Wallace,
Traci Miller, Kim Lattimer, Dawn Crum,

Becky Norman.

The Student Council is in charge of Home-
coming each year — decorating the stage,
running the election of the queen, selecting
the trophies, and arranging for the dance
after the game and ceremony. Student Coun-
cil is also in charge of selecting and introduc-
ing our assembly programs, regulating class
elections, reviewing extracurricular activi-
ties, and handling student problems and
complaints. There are 18 members — 3 from
each class. The officers for the 83-84 school
year are as follows: Mary Roush, President;

Char Taylor, Vice President; Doug Over-
myer, Treasurer; Tanna Stults, Secretary.

Students who have been selected for Na-
tional Honor Society have really earned the
privilege. To even be considered, you must
rank 8th in your class or better. Your grade
point average is considered also. The princi-
pal selects a committee to choose the candi-
dates. Teachers rank the students on various
characteristics. This rating plus a student's
involvement in school activities determines
whether or not he is asked to join.

PEP BLOCK ... PEP BLOCK ... PEP BLOCK ... PEP BLOCK ... PEP BLOCK ...

Top — PEP BLOCK

The purpose of Pep Block is for the members to support our athletic teams through organized cheering. The 1983-84 officers are: Angie Thompson, President; Dar Rosebush, Vice President; Dana Harrell, Secretary-Treasurer. Center — Mary Roush, Natalie Savage, and Traci Miller try to create some enthusiasm within the Pep Block during one of our home games.

Pride In What We Do

Just about every printing establishment will boast of its quality, capabilities and service. That's because just about every printer has at least a little of each to offer.

But as any seasoned buyer of printing knows, the proof is in the performance. Not the pitch. The performance depends on more than just equipment lists and numbers of people. It depends on an attitude. An approach to the business that assures consistent professionalism.

Quite often our new customers start out a bit skeptical, "Can they really deliver what my out of town printer delivers?" The fact is, most prospects who give us a try end up as regular customers.

That's why we are here to answer questions at the outset, ride herd during the production phases, and make sure you look good in the end. Relax, and leave the hassles to us.
