CELEBRATE LIFE . . . CELEBRATE LIFE

CELEBRATE LIFE

CELEBRATE LIFE

Many times in life are worth celebrating. As people are different, so are there different events and ways to celebrate. A basketball player may celebrate a successful slam dunk during a close game. A good grade on a test or assignment is cause to celebrate for some people. For students in the elementary school, a fifteen-minute recess is a good time to celebrate getting out of class. Two friends can have fun in many ways. The memories that are created can later be celebrated while looking back.

Practice is hard work, but hard work pays off in victories. Practicing a routine until it is perfect may constitute the winning of a trophy. Hard work after school on the athletic field leads to teamwork which allows a team to put forth the effort to win a game. Studying is a form of practice of the mind. Studying can make the hard classes seem easy.

Life has many rewards that can be achieved through hard work. The work may be dissatisfying for a while; but as time goes on, there will be something to celebrate in the long run.

CELEBRATE LIFE

Free time is a great time to celebrate or work on something that means a great deal. A cheerleader may spend her free time working on getting her back hand springs perfect. Free time for an elementary student is spent in different ways. A milk break is a refreshing, quiet time from the day's activities. A high school class may "goof off" during the few minutes before the bell rings.

Junior high students might still not be in high school, but they know how to have fun. A quick get-together before class begins or getting away with something during class may be a goal for some.

Not all fun is had during school hours. This year's basketball team gave us a reason to go a little crazy. Fun was had by all at the sporting events. Music groups also put on events where a good time could be had by all. The Variety Show was an excuse to show off our talents in many fields.

Fun is what high school kids should have, and Argos students do it with style.

The band came together for the last performance of the summer at the Blueberry Festival Parade. The band placed third in the band competition. After two weeks of long, hard practicing, they really had a lot to celebrate.

Lower Right — Joe Taylor grins while Jeff Shivers dreams about upcoming plans.

The Class of 1986 began their years of schooling in 1973 with a class size of 62. Over the years, the class size has decreased to a count of 48 students. Even with the decrease, our class has stayed close. We've celebrated great times and lived through the rough times. Knowing what we want out of life is also evident to us. Out of our small class, 24 of the 48 plan to attend college, 12 plan to go to work and get married; 8 are undecided; three will serve our country in the armed services; and one plans to go to Hollywood to make his million as a movie star. The closeness and uniqueness of the Class of 1986 will always live in our hearts.

**COMPUTER
STUDENTS
LEARN TO DO
WORD
PROCESSING**

ASDF JKL;

Upper Left — Junior Chris Davenport works diligently on her typing trying to finish on time. In an interview with Chris Davenport, we asked if she were planning on a career in the business world. This was her response: "Yes, I am interested in secretarial work of some sort. I haven't found exactly what I'm looking for — perhaps a position as a receptionist."

Next, we asked how she thought taking typing would help in her future plans. "Typing can help me in many ways," replied Chris. "I type faster than I write; typing is much neater and looks more professional. It is easier for someone to read which gives a better impression of your written work."

Our third and final question was "What is it that you like best about the business courses?" She replied, "In the business courses, I am learning many things that I know I can use in the future. I am learning how to work with management records in different situations. Also, my future employers will want to see business courses on my job application. They show that you can understand how a business is run on the inside. They give a good impression. First impressions are very important. If the employer sees good qualifications about your business background on the application and thinks that you may have a good personality, he may call you for a job after the interview. All this preparation in business classes can determine whether or not you will get a good job in the future."

Center Left — Loralyn Hooker looks a little confused as she searches for her place in the copy.

Lower Left — "Oh, my!!!" says Senior Tammy Flowers who is finishing her accounting. She seems to be amazed that everything balances.

Lower Right — Senior Wendy McGowen is busy with her accounting homework, making sure that the debits equal the credits.

ONCE UPON A MATTRESS

Upper Right — Not everyone in the Kingdom believes that Winnifred (Linda Van Duyne) is a real princess. Center Left — Sir Harry (Sam Mahler) explains to Lady Larkin (Christy Becker) that he has new feelings for her. Center Right — The Wizard (Chayne Butler) tests Princess #12 (Jodi Shivers) to see if she is suitable for the Prince.

Bottom Right — There is again happiness in the Kingdom, because Prince Dauntless (Blaine Cooper) has found a true Princess (Linda Van Duyne).

"Many years ago in a far off place, lived a handsome prince with a gloomy face, for he did not have a bride," sings the Minstrel as the curtain opens on the 1986 musical, "Once Upon A Mattress." This year's musical is based on the story of the Princess and the Pea.

Prince Dauntless (Blaine Cooper) cannot seem to find a princess who will suite his mother, Queen Aggravain (Heather Burnett). Sir Harry (Sam Mahler) takes it upon himself to find a princess for the Prince. No one in the Kingdom may wed until Dauntless is led to the alter, and Harry desperately wants to marry Lady Larkin (Christy Becker).

At last a princess is found, but the Queen does not approve of her. She does not believe that Winnifred (Linda Van Duyne) is a true princess. So a test is prepared by the Queen and the Wizard (Chayne Butler). The test is a failure, and the Prince and Princess are happily married.

Upper Left — The Minstrel (Shawn Thompson), the King (Greg Edwards), and the Jester (Nicole Johnson) make plans to help the Princess.

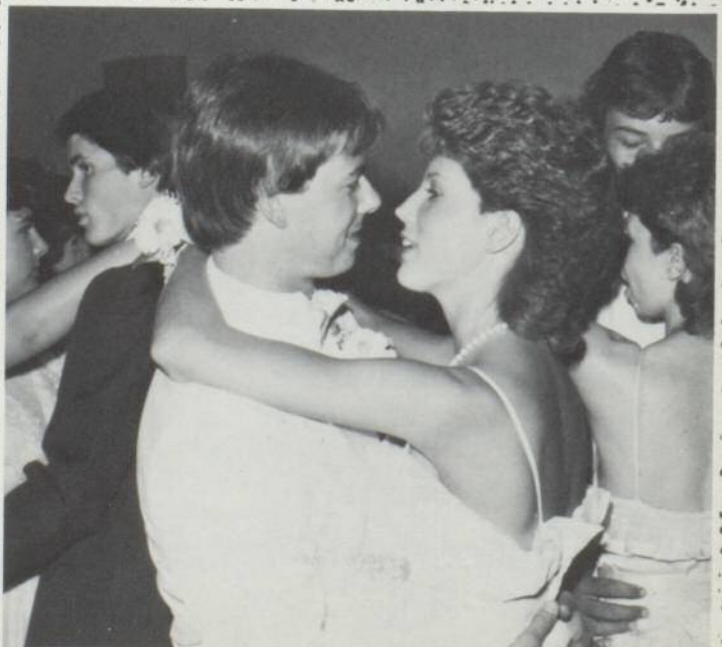

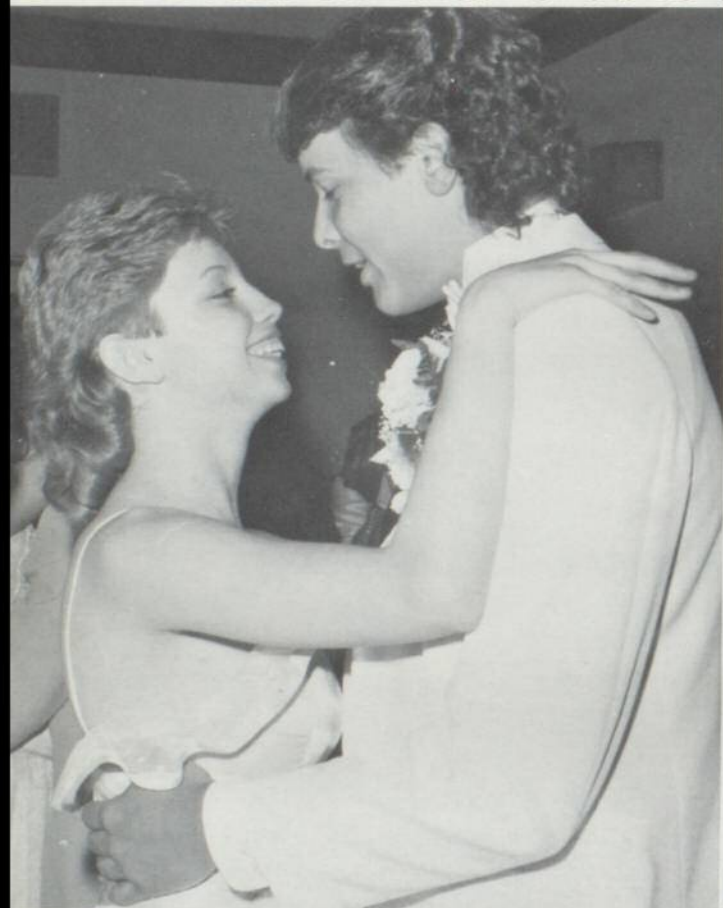

Center Right — Princess Winnifred the Wobegone (Linda Van Duyne) practices her history for the up-coming test.

Lower Left — Several ladies in waiting sing about how happy they are that they can finally get married.

This year's team came home with the Culver Tourney title and the Bi-County Championship. The Dragons also kept the bell, which was won back from Culver last year. Our team had an excellent chance of winning the sectional but fell short. Through their wins and losses, the 1986 Argos Dragons have made us proud. We can definitely say that We're Proud of Our Team. Thanks, Varsity, for a super year.

BRATE LIFE ... CELEBRATE LIFE ... CELEBRATE LIFE ... CELEBRATE LIFE ... CELEBRATE LIFE ... CELEBRATE LIFE ... C

LIFE . . . CELEBRATE

CELEBRATE LIFE

CELEBRATE

CELEBRATE
CELEBRATE LIFE

As another year draws to a close, so does another semester. Students take all the spare time they have to study their homework or look up that one last fact. Plans for the future are sometimes made during the final days.

But everyone knows that all work and no play gives Argos students a boring day. Whether we play a quick game of basketball or just get together with the guys, we have more fun with our friends.

Not all fun happens outside. In study hall or in the school hall, goofing off is the most fun of all. But remember this, when school has you "up a tree," you get a three-month break to get down.

*Just a locker to clean and I'm through for the year
Graduation procession is soon drawing near.
A few more moments, then I'm free on my own!
I have proved I can make it, at last I am grown!*

*As I open my locker, prepared for the task,
I see on the shelf an old basketball pass.
Now torn and discarded, its value is gone
But somehow the things that it stood for lives on.*

*The crowd riding victories that Argos has known.
The teamwork and spirit that's always been shown.
Unhappy defeats which I thought wouldn't end,
Are not nearly as painful as they once had been.*

*As I put down the ticket and reach in for more,
I notice a library book on the floor.
It's an overdue book that was never returned.
Filled with facts, dates, and names that I still haven't
learned.*

*All the names of the people who took out this book,
They are strangers to me, I find as I look.
And I wonder about what their lives have become
Since they left this school and the friends they have
known.*

*As time ticks away with each day and each year,
Will I too be a stranger to friends I hold dear?
All the meaningful things that have happened to me.
Will they leave only traces and vague memories.*

*Finally now with my locker all sterile and clean,
I reflect on the people with lockers near me.
As our special Senior year has arrived at an end,
I wonder if I will ever see them again.*

*All the secrets, the laughter, the fun that we shared.
The warm understanding that came 'cause we cared.
Am I selfish to not want our friendships to end?
It is time to move on? Should a new life begin?*

*In the past years of complaining, we've put down the
school,
With its teachers, its courses, and its numerous rules.
But to look back I see that I've learned just one thing —*

*That you find out too late
what your school and your friends
really do come to mean!!
