

COVID-19 PROCEDURES

All students and staff shall have temperatures taken upon arrival. Anyone with a fever will be sent home.

All students and staff will wash their hands before entering the classroom.

All students and staff will wear masks while at school except when eating snack.

Tables will be sanitized before school, before snack, after snack, after projects and after school.

Toys will be sanitized after school each day.

Student's hands will be sanitized before going home.

Report any Covid-19 cases in your family to the Director.

If your child has symptoms, please keep them home.

If your child tests positive, a negative test will be required to return to school.

All possible exposures in any class will be communicated to all families in the school.
