Ladder-Ball 2 vs 2	Stand next to your opponent and across from your teammate. Alternate tossing underhand. Bolos (golf balls) on the top rung are worth 3, center rung are worth 2, and bottom rung are worth 1. Cancellation scoring means only one team scores points each round. First team to exactly 21 wins. If you go over 21 in a round, our favorite rule is your score goes back to 15 and play continues.
RampShot 2 vs 2	Stand next to your opponent and across from your teammate. Toss both of your balls one at a time. In the net is 3, if your partner CATCHES the ball after it bounces off the ramp that is worth 1. If a shot bounces back off the ramp, your opponent can STEAL for an extra shot! First team to 21 wins!
Kan-Jam 2 vs 2	Stand next to your opponent and across from your teammate. Throw the frisbee toward the far Kan. In the slot=instant win! If your teammate "slam dunks" the frisbee with one hand into the top, that is 3 points. If you hit the Kan directly with your throw, that is 2 points. And, if your teammate deflects the frisbee into the Kan, but not in the top, that's worth 1. No cancellation scoring. First team to 21 wins.
Bottle Bash 2 vs 2	Stand NEXT to your TEAMMATE and ACROSS from your OPPONENTS. Team one starts by throwing the frisbee at the pole/bottle, trying to knock the bottle to the ground. Team two is waiting behind the pole on defense. The defensive team needs to try and catch the frisbee and the bottle (if it's falling) before they hit the ground. If the defense catches them with one hand, no points are awarded. If the bottle hits the ground, that is 2 points for the offense. And, if the frisbee hits the ground, that's 1 point for the offense. The other team will then try to knock your bottle down. Play to 11 or 21 points.
Rollors 2 vs 2	Bowling and bocce combined. Stand next to your opponent and across from your teammate. Alternate rolling underhand, trying to be closest to the goal posts.
