

## fabric sourcing

buying end of run fabrics and locally made fabrications. A focus on fabrications that can be recycled and reused.

## sample & one-offs

We can make original design samples and one-off bespoke pieces in our studio.

## design development

From initial concept to fabric sourcing to fashion manufacturing we have you covered. With a network of local and international suppliers we can bring your idea into reality.

## small scale production

We offer flexibility with production minimums and can cater to the size of your business. Our production team is experienced with a variety of different fabrications and garment types for smooth fashion manufacturing.

## bespoke details

We can work with you to create specialised details, such as printed tapes, to 3D printed buttons.

## branding & graphic design

Our graphics team can work with you to create beautiful branding for your creations, from logos, brand labels, swing tags to look books.

## CONTENT CREATION & PHOTOSHOOTS

Once your collection is created we can work with you to create a dream team to photograph your product. We have a network of photographers, stylists and makeup artists who can realise your vision.

## mentor & networking

It is our ambition to create a supportive and inspiring community where we can come together and nurture each others creative ventures. A problem shared is a problem halved.
