Please describe the under-represented visible or invisible minority that you are a part of. Please note this does not require that you "out" yourself. We encourage the use of broad over-arching terms. For example a person could write "I am part of the disability community" rather than feeling that you need to reveal their disability. You can if you want to but it is not required.:

Please email this form to kathleenrea@rogers.com or bring it to the Toronto Tuesday Dance Jam.
