Dear Sir, Madam,

It is a pleasure for us to address you, to present our new investment project, focused on the pharmaceutical facilities sector.

With the objective of raising 40 million dollars, our proposal offers a unique opportunity, for institutional and professional investors, seeking to participate in a solid and growing market.

Our approach focuses, on the acquisition of operating companies, with special emphasis on those that are in the process of sale, due to generational change.

Always we will offer real estate guarantees that, together with the turnover of the acquired companies, will cover up to 80% of the investment, providing security and peace of mind to our investors.

We are confident that this initiative, offers an exciting and promising opportunity, for those investors seeking to participate, in the thriving pharmaceutical factory market.

We remain at your disposal, to provide any additional information you may require, and we hope to have your participation in this exciting investment project.

Sincerely,

Engineer Pedro Daniel Corrado
