To avoid a \$25 cleaning fee, please clean and rinse out all radiator(s) before shipping. Also remove all grommets, clips, hoses, and clamps. I'm not your MOM I'm going to charge you to clean!!!

Pack the radiator(s) in a large enough box with at least a 2" crush zone all around the radiator(s) and separate them from each other with cardboard or bubble wrap. Rule of thumb bigger box is better.
