## MIGHTY MINS

Mighty Mins is for children what Activator is for adults. It provides a broad base of nutrition support essential for every child from age 6 months through adolescence.

Mighty Mins provides each child with a full compliment of vitamins, minerals and trace minerals in their most bio-available and bioactive forms. All these essential nutrients are found in proportions which will not alter the Five Fundamental Metabolic Balances.

Furthermore, the proportions of trace minerals to vitamins is such that the vitamins will not deplete the body of trace minerals. Trace minerals are every child's greatest nutritional liability. Supplementing with these trace minerals is critical for two reasons. Trace minerals have been depleted from our soils and are thus no longer sufficient in our food. The other reason the trace minerals in Mighty Mins are so important is that a child needs far more trace minerals than an adult. This need must be met to assure proper development of the brain and nervous system, of the hormone system, of the cardiovascular system, and of the musculoskeletal system.

Special ingredients not commonly found in children's multiples:

- Vitamins B1, B2, & B6, in their biologically active coenzyme form.
- Ascorbyl Palmitate, a fat-soluble form of vitamin C for maximum bioactivity
- Chromium Nicotinate, for its beneficial effects on sugar levels & muscle metabolism.

- Flavonoid Rutin, for antiinflammatory immune effects; antioxidant benefits; & blood vessel integrity enhancement.
- Benfotiamine, for the most Bioavailable form of Vitamin B1 with anti-inflammatory and anti-oxidant benefits.

	Amount Per Serving	% Daily Value Adults & Children ≥ 4 years	% Daily Value Children 1-3 years	% Daily Value Infan through 12 month
Cajories	20	20,000		
Total Fat	0.5 a	<1%*	1%**	21
Total Carbohydrale	40	1%*	3%**	4
Total Sugars	4g	+	+	1
Indudes 4g Added Sugars		8%*	16%**	
Vitamin A (as retiny) palmitate and 57% from beta-carotene)	1,050 mcg	117%	350%	210
Vitamin C (as ascorbic acid and 50% as ascorbyl palmitate)	40 mg	44%	267%	80
Vitamin D (as cholecalciferol	20 mgg	100%	133%	200
Vitamin E (as d-alpha-tocopheryl succinate)	15 mg	100%	250%	300
Thiamin (as thiamin mononitrate)	0,2 mg	17%	40%	67
