**A DISCUSSION ON JOHN FINN'S ARTICLE: "THIS IS THE REAL DEAL!"**

**COMMENT**

I very seldom respond to your articles but I do hope you will publish this in your next issue.

I regret to say, Mr. Finn, but all your suggestions will not work. Most of them have been tried in the past and none of them had any impact on any government in Ottawa and certainly not positive impact for Alberta. Premier Kenney is actually a Liberal, disguised as a Conservative, who has spent MILLIONS on his FAIR DEAL PANEL which has accomplished NOTHING, ABSOLUTELY NOTHING, remotely close to any fair deal. Your stats, however, are correct and under the present political regime, even if the PCs should win, NOTHING WILL CHANGE. Alberta and Saskatchewan will continue to be MILKED by Ottawa because we don't have the leadership in the west to say NO to Ottawa. We have become gutless wonders, burying our complacent heads in the sand, not wanting or caring about anything going on in Canada. The UMBILICAL CORD OF DEPENDENCE is now firmly secured to the populace and that includes business and industry, and that's exactly what the present government wants - OBEDIENCE AND SUBSERVIENCE! Our only course in Alberta and Saskatchewan is to sail the ship of SEPARATION AND INDEPENDENCE but it must be with firm, positive, dedicated leadership. Until that happens our two provinces will continue to suffer "the slings and arrows of outrageous fortune".

#### **REPLY**

Hello Al. I think that you misunderstood the message. I'd like to correct your misconceptions, but let me start by saying that your assessment of the situation and mine are the same. What the UCP have done and propose to do will change nothing, and separation is the only answer. The facts that I presented are to point out to the many skeptics of the necessity of separation, who believe that Canada will make meaningful changes for Alberta's benefit, the futility of their hopes. Everyone claims to believe in democracy, and this article is pointing out how the very basic premise of democracy is perverted for the benefit of eastern Canada at the expense of Alberta, and that the eastern provinces will not vote for any changes to give Alberta the representation it should have, even if it costs them no actual cash or other monetary benefits,

only votes in the House of Commons, Senate and on the Supreme Court. To think that they will ever agree to even change equalization, much less abolish it, when that will cost them money every year, is beyond ludicrous.

I'm going to go through your presentation, and just to help you make it factual, I'll point out errors in facts, that when corrected, will make your essay a very good read and beyond reproach. Here goes:

At the end of my article, I state that the amendments will not be passed by the other provincial governments. Having them proposed and defeated will be an exercise to inform Albertans firstly of the unfairness in the constitution, and secondly to prove that Canadians will not agree to changes when they are blatantly necessary to the fundamentals of a democracy.

Next, none of these issues have ever been the subject of proposed constitutional amendments, and constitutional amendments are decided by a vote of the provincial governments, not by the federal government. That fact reinforces your statement that no federal political party, PC or otherwise, will ever be able to make fundamental changes to the constitution.

And I fully agree that we need an effective Premier in Alberta, and that is not Jason Kenney. Unless the UCP ousts Jason Kenney, well before the next provincial election, both the UCP and Jason Kenney will be one and done after they lose that election, and God help Alberta if that election results in another NDP victory.

## **OUR READERS' COMMENTS**

**1. From a Reader:** I am glad to receive the Newsletters. I support the grief that is in existence in western Canada. However, the cartoon accompanying the latest missive is erroneous in that, it shows further financial/taxation crimes about to be foisted on "western" Canada. The fact is, that ALL of Canada is going to face these crippling outrages from "reset" boy. As with everything else, no doubt Quebec will weasel out of it as they always do.

**2. From a Reader:** Industry destruction, massive layoffs, job losses , rising suicide rates, depression. Demons of COVID 19 right? Yes, but let WE NEVER

FORGET that this was already Alberta's plight after the Second Coming of the Trudeau Virus. Now the scourge is poisoning our entire Nation. Our Canada was bleeding from grievous Liberal Induced wounds before Corona arrived. Debt ridden and rudderless beyond imagination. Trudeau has plenty of platitudes for the parasite ridden United Nations, but no coherent, feasible, economically viable solutions for our country.

**3. From a Reader:** The Liberal Party is the de facto Socialist Party of Canada. Further Left than the NDP, their morally bereft, pension seeking allies. Newspapers are now Views Papers touting Government Speak, challenging the values we hold dear and that thousands gave their lives for in the Great Wars protecting this land and our Freedoms. Double standards and hypocrisy flourish everywhere as a nascent Ruling Class seeks eventual control. No transparency from the Liberal Government. What is Canada's debt? No answer from Trudeau Government. Why care? Plans based in fiscal reality to create real Private Sector jobs and Prosperity are not the goal or skill set. The game is to tax us to death and redistribute the fruits of our life endeavors towards their misguided causes. They will of course feed us crumbs.

**4. From a Reader:** I believe that many Albertans and Canadians agree with me. There is a literal army of Albertans ready to raise their voices; to fight against socialism; to tell the Trudeau Liberals we clearly see who and what they are; what their dark intentions can cause to be. But where is our General to voice and lead this vital cause? To look Trudeau in the eye and say " we accept none of this". Where? No where!

**5. From a Reader:** Action Alberta has clearly established that 1867 Canada is mainly designed for the benefit of 1867 Canada - Ontario and Quebec. A future with any hope for the other provinces requires a completely different model of governance. Anything less will be cosmetic and in large part a waste of time. What is the chance of anything happening? Nothing for some time for we lack the leadership and a sufficient number of people haven't bought into the cause. Some people, like supporters of Action Alberta, will continue to express their frustration. And, they have to accept that this scenario will be with us for a long time to come.

## **ACTION ALBERTA - WHO WE ARE**

We are a group of deeply concerned, unpaid Alberta resident volunteers. Our work is intended to educate, inform and motivate all Canadians to be visible and vocal regarding the unequal, unfair and discriminatory treatment of Alberta by our Federal Government. Alberta's energy sector is the most important driver of the Canadian economy and its health directly impacts the standard of living of every Canadian. Unfortunately, that is not happening under our current Federal government!

Please **share** this email with your contacts so we can turn this unfair, inequitable, unjustifiable travesty around for the good of all Canadians. If you would like to submit information or articles, please send them to me.

**Thank you for ALL of your support and interest!**
