AN OPEN LETTER TO PREMIER JASON KENNEY

Alberta's economy is being driven into the ground by forces from all

directions. Until now, those forces have been largely our own federal government. But that is changing! Our economy is now being shut down by **our own Alberta provincial government.** When and where will it end?

Our only article today is an **open letter to Alberta Premier Jason Kenney** written by **an Alberta doctor.** If you are self-employed or a small businessman, you will likely agree with its contents. If you are on a guaranteed salary (government or otherwise), you will likely not.

Please take the time to read and consider it. [Read the letter here](#)

OUR READERS' COMMENTS

1. From a Reader: I cannot believe that all restaurants are closed as of tonight....for a month. Plus so many other business that have a stellar track record of going through the first absurd lockdown, then opening to half capacity restrictions, investing in Plexiglas screens and significant education in sanitizing with ZERO COVID cases get the goddamn government shutting them down. Appalling.

2. From a Reader: All the lockdowns are doing is KILLING OUR ECONOMY, exactly what I believe Trudeau wants. He is already well on his way to destroying Alberta's. That's what the Chinese virus is really doing. This will give him more excuses to put forward his build back better "Reset" scam.

3. From a Reader: I recently watched an old movie movie called "1984 by George Orwell" starring Richard Burton (the last movie he made before his death in 1984). After watching the movie, I said to myself, "This is Trudeau's vision for Canada". I came to the realization this is happening right NOW. For this to work Trudeau needs Quebec, Ontario and the "TRUSTED" media (who are they) which he bribed (or in the process) with 595 million dollars of taxpayers money. In my opinion these three are so into themselves, they don't realize they are being used (the old adage, divide and conquer). Then there is the resistance, Alberta and Saskatchewan and possibly New Brunswick. Globalists (Trudeau) are elected tyrants who have the money and power to get their way. There are also non elected globalists who are tyrants with mega bucks and power, like the UN, WHO, UNIPCC, Tide Foundation, and environmental groups, who want their way. "Big Brother" is watching You.

4. From a Reader: We will need a new identity. I suggest we rename the country. We could have a contest. Some names to consider. BANADA and replace the maple leaf with yes, the banana. Another name could be CABANA and the flag could be a framed grass shack this would make it palatable for the snowbirds.

5. From a Reader: How many more years can the Alberta taxpayer continue being Ottawa's and Quebec's personal bank account. Enough is enough people! All Albertans owe it to themselves and to Alberta to get educated on the costs associated with being part of the Canadian family. Also, know that to make the necessary changes to this relationship, it will take a massive change to the constitution, which requires the approval of 7 of the 10 provinces. Never going to happen!!

ACTION ALBERTA - WHO WE ARE

We are a group of deeply concerned, unpaid Alberta resident volunteers. Our work is intended to educate, inform and motivate all Canadians to be visible and vocal regarding the unequal, unfair and discriminatory treatment of Alberta by our Federal Government. Alberta's energy sector is the most important

driver of the Canadian economy and its health directly impacts the standard of living of every Canadian. Unfortunately, that is not happening under our current Federal government!

Please **share** this email with your contacts so we can turn this unfair, inequitable, unjustifiable travesty around for the good of all Canadians. If you would like to submit information or articles, please send them to me.

Thank you for ALL of your support and interest!
