ACTION ALBERTA

Meanwhile in CANADA...

TRUDEAU IS USING CANADA FOR HIS OWN POLITICAL GAINS, NO MATTER WHAT THE COST OR LOSS, TO CANADIANS. TRUDEAU IS ANTI-CANADIAN!

ACTION ALBERTA

HELLO ALL (The Group of 7,215+ and growing):

**CANADA MAY BE ONE OF THE WORLD'S LEAST ENERGY SECURE
(Peter Tertzakian)**

When it comes to oil supply, **Canada** could be **one of the least energy secure countries** in the world. Say what? Canada, the **fourth largest producer of oil in the world**, a country that exports just over two times more petroleum than it consumes, is **vulnerable to shortages**? In fact, recent events raise the probability of **disruption in Central Canada**.

Canada does not have a pipeline that flows from its western oilfields to the eastern reaches of our land. The last hope of having a cross-country pipe was **squashed in 2017** with the shelving of the contentious **Energy East** project.

Trying to connect east and west is **not a new issue** in Canada. **Seventy years ago**, Parliament debated the merits of an all-Canadian oil pipeline route versus the **lower-cost option** of routing our oil through the United States. Repeatedly, **low-cost has trumped sovereignty** in our pipeline decisions.

<https://business.financialpost.com/commodities/energy/canada-the-fourth-biggest-oil-nation-may-be-the-worlds-least-energy-secure>

**TRUDEAU PLAYS TO QUEBEC ANTI-PIPELINE SENTIMENT WITH
MONTREAL ACTIVIST CANDIDATE
(Don Braid)**

Prime Minister Justin Trudeau has found his **Tzaporah Berman**. Two days **before heading to Calgary for Stampede**, he held hands high with **anti-pipeline activist Steven Guilbeault**, the **Liberals' new candidate in the Montreal riding of Laurier**. **Guilbeault worked for Greenpeace** and founded a Quebec advocacy group, **Equiterre**. He is a **flat-out opponent of the Trans Mountain pipeline expansion**. You'd think Guilbeault would be more at home as a candidate for the NDP or the Greens.

But Laurier has been in NDP hands since 2011 and **Trudeau wants it for the Liberals**. So there they were together, **cheerily holding hands**. What are the plans for Guilbeault in a new Liberal government? **Environment minister?**

Natural resources? Trudeau is obviously **playing to Quebec anti-pipeline sentiment** and the will of the province's national assembly.

<https://nationalpost.com/opinion/columnists/braid-trudeau-cheers-anti-pipeline-activist-as-star-liberal-candidate/wcm/870de033-a70a-4d02-a28a-4814217de793>

OUR READERS' COMMENTS SECTION

1. From a Reader: There must be an actual Liberal plan to destroy Canada. No one could do it by accident so thoroughly and completely by chance nor be that totally incompetent.

2. From a Reader: There is absolutely no doubt that this is not the Canada I knew. The land locking of Alberta/Saskatchewan/Manitoba energy resources has been financed by foreign interests for years right under our noses. The Trudeau-ites and their environmentalist thugs have been insidiously destroying our economy without a whimper from Canadians. We have become a nation filled with cringing cowards by permitting the slimy Liberal government to support this conspiracy with our own tax dollars! Unless and until Candians wake up and un-elect that scoundrel Trudeau, this country deserves to become a banana republic.

3. From a Reader: What If knowledgeable people came to believe Dr. Patrick Moore's contention that atmospheric carbon dioxide is an insignificant contributor to global warming?

<https://www.youtube.com/watch?v=UWahKIG4BE4>

What If knowledgeable people came to believe that Dr. Robert Holmes' contention that variations in energy from the Sun caused by variations in Earth's distance from the Sun due to interaction of a number of short and long term cyclic gravitational effects fully explain both geologic time and the past 250 years observed climate change?

ACTION ALBERTA - WHO WE ARE

We are a group of deeply concerned, unpaid Alberta resident volunteers. Our work is intended to educate, inform and motivate all Canadians to be visible and vocal regarding the unequal, unfair and discriminatory treatment of Alberta by our Federal Government. Alberta's energy sector is the most important driver of the Canadian economy and its health directly impacts the standard of living of every Canadian. Unfortunately, that is not happening under our current Federal government!

Please **share** this email with your contacts so we can turn this unfair, inequitable, unjustifiable travesty around for the good of all Canadians. If you would like to submit information or articles, please send them to me.

Thank you for ALL of your support and interest!
