ANGELS OF DIRT is a film that will share the experience of competitive motorcycle racing and transform how we think about sport and culture, the power of love and loss, and the risks and rewards of living a fearless life.

At the center of the story is 20-year old flat track racer, Charlotte Kainz. Charlotte began racing at age 5 and competed until September 25th of 2016, when she passed away after succumbing to injuries suffered after her involvement in a multi-bike crash in her GNC2 heat race. It was her first full season as an AMA Pro Racer.

Angels Of Dirt explores the life of Charlotte and dozens of racers from local dirt tracks to national events where the possibility of pro-racing is realized through the eyes of young girls watching their peers and their idols defy convention and expectation.
