

## Endorsing Evolved Ways on PACE

With the NDIS PACE system, you now need to endorse Support Coordination and Behaviour Support before you can start working with them. To do this, you must contact the NDIS on 1800 800 110 and inform them of your chosen Support Coordinator or Behaviour Support Practitioner. You can also speak to your Planner or Local Area Coordinator (LAC) for assistance.

Before you make this call, make sure you have your NDIS Plan number ready.
