

Summer Enrichment 2025

for ages 3-7

MAKER'S *Market*

Welcome young entrepreneurs! This summer we are building **confidence** through a 'mini maker's market'. Children will explore aspects of running a small business, design and create products, develop marketing materials, and sell at a live market at ELM on the last days of camp. Expect all the usual fun involving pretend play, sensory, movement, art, music, and skill development.

Approaches to Learning

Building foundational skills from taking initiative, planning, engaging in areas of strong interest, problem solving, employing resourcefulness, and reflection

Social and Emotional

Encouraging strong self-identify, competency, community, cooperation, and conflict resolution.

STEM and Engineering

Students will be supported as they develop their products and marketing strategies using the ELM engineering process.

7 Weeks, July 7 - August 21

Monday - Thursday 9:00 - 11:45

\$1344 (\$300 deposit, 2 payments of \$522)
