

KINETIC CONCEPTS

 KINETICCONCEPTS.ORG

Kinetic Concepts provides specialized training, aviation support, maritime support, and operational support for military, federal, and law enforcement missions worldwide. Our team of cleared subject matter experts brings direct experience across the full spectrum of SOF operations, ensuring instruction and support that are tactical, relevant, and immediately applicable. Since our founding in 2018, we have built a reputation for reliability—**delivering 100% on-time performance**, zero claims, and excellence under demanding operational environments.

As a Service-Disabled Veteran-Owned Small Business (SDVOSB) and SBA 8(a) participant, Kinetic Concepts partners seamlessly with Primes and Government customers to deliver flexible, compliant, and high-value solutions. We are trusted by the Department of War to provide instruction, aviation support, maritime support, and mission sustainment that enhance readiness and ensure operational advantage.

CORE COMPETENCIES

- Joint and SOF-focused training solutions across land, air, and maritime domains
- Full-spectrum ISR and CUAS integration support including live-flight and simulated platforms
- Aviation services support with multiple company owned aviation assets
- Maritime training and vessel support
- Sensitive activities and intelligence operations support
- Scenario-based training design emphasizing mission realism and safety
- Program management and technical assistance with measurable performance standards
- Joint Terminal Attack Controller, Joint Fires Integration, Close Air Support training
- Simulation operation and maintenance
- Scientific research/technical assistance and administrative support
- Test and Evaluation
- Virtual and onsite training courses

KEY DIFFERENTIATORS

- Proven record supporting SOF and Joint training programs
- 100% mission support success with zero delays or terminations
- Veteran-led team with current and relevant operational expertise
- Small-business agility with enterprise-level teaming capabilities
- Strategic teaming partners with recent and relevant past performance
