

KINETIC CONCEPTS

 KINETICCONCEPTS.ORG

CAPABILITIES STATEMENT

Kinetic Concepts delivers industry leading training and operational support throughout the spectrum of operations for our military, federal, and law enforcement customers. Armed with recent, relevant, and real-world experience, our subject matter experts are uniquely qualified to deliver critical skills training and mission support. Whether we are instructing in the classroom or providing training and support in the field, we maintain a focus on our customers' mission and an eye on emerging capabilities and threats. Founded in 2018, our commitment to our customers has never been stronger. We remain grounded in our core competencies while understanding the need to remain agile with a growing list of capabilities and services.
