

Revenue Sharing Solutions

The Technical Manual

(revised March 2022)

Note: The International use of the RSS Program.

Each country may have a different Socioeconomic system that reflects the level of funds needed in that country. Love Won Society is planning to adjust fees, downloads, and RSS Bonuses to reflect the Socioeconomic circumstance in each country, so there may be changes initiated in each country where the RSS program is implemented. The figures used in this document reflect how it will be in the United State.

The **Revenue Sharing Solutions (RSS) Action Plan** is a Humanitarian's dream come true. It solves the problem of getting money into the hands of hundreds of millions of people through an internet platform. It does the work, and you enjoy the benefits of an Action Plan that keeps on working on its own.

When a Humanitarian wants to join the RSS Action Plan, they Join with the position of a Zim Benefactor. The Benefactor is the one who supplies the funds for the whole program to work. The Zim Benefactor position will be explained later in this and other documents.

The Revenue Sharing Solutions (RSS) Action Plan is a non-public, closed membership organization. Only those who are referred by a Beneficiary already in the program can join. The referring Beneficiary supplies the new member with his/her User ID# so that they can join. Without the referring User ID#, the registration can not be completed.

A Beneficiary is one who receives money, and in this case, receives money from Registering with the RSS action plan as a Beneficiary. When the Action Plan is funded and activated, it will have a web address of **Revenue Sharing.Solutions. The Revenue Sharing Solutions website is not yet active and won't be until after funding is received.**

This powerful RSS action plan is the foundation of the other 4 plans, it all starts here. (See LWS Action Plan Overview at <https://qfs2020.com/lws-action-plan-overview-1>) The plan solves the problem of sharing your wealth with people and does so in a way that people can retain their dignity and avoid the feeling that they are on a government doll system.

The RSS platform will be housed in the Quantum Internet system and will interface with the Quantum Financial System (QFS). This makes the platform safe and secure and easy to transfer money. Being housed on the new Quantum Internet makes it is accessible to most people worldwide. The platform has been Specifically designed for humanitarians and the type of work they are to accomplish. Given the complex problems associated with humanitarian work, the RSS platform stands tall as a real solution to many problems.

The purpose of sharing this wealth is to spread money throughout a community that can upgrade living standards and alleviates a lot of financial stress. For years, the basic fabric in society, the Family, has suffered

from the lack of adequate financial opportunities. The present failing financial system was created by years of mismanagement that tenders to the “elite” privileged class that **excludes 99% of the population** from major participation. This RSS plan solves that problem and puts the funds where they are needed the most.

The RSS experience starts with the purchase of a “Beneficiary Account,” for \$10. This will be done at the Revenue Sharing Solutions website on the RSS Platform when it is completed. Once registered and the \$10 is paid by debit or credit card, the platform begins to download funds into the new Beneficiary’s RSS account. When registered, that entity; whether a person, a legal non-profit, or a Trust, is called a “Beneficiary.” Through the Internet Platform application, revenue is downloaded to the Beneficiary’s account for their own personal use. Once the Beneficiary Account has begun, it continues to flow to the Beneficiary as a continuous revenue stream that lasts until there is no need for money; if that ever happens. The minimum age for a personal Beneficiary Account is 18 years of age. A Beneficiary can only establish one (1) Beneficiary Account. If attempts are made to establish a 2nd account, it will trigger a breach

alert and the offending person(s) will be eliminated from the Program.

A Beneficiary can establish six (6) Trusts for any reason they want. A formal Trust can be registered on an RSS Beneficiary Account for \$10 using the Beneficiary's User ID#. Each Trust created and registered will have a download of 10 Cents per minute. The Beneficiary will receive the \$50 Thank You Bonus in his account for each Trust created. The Beneficiary Trust can be created for any purpose at any time the Beneficiary desires; only 6 are allowed. We suggest a Revocable Trust document. A sample copy of a Revocable Trust will be embedded in the Beneficiary's Personal Office. The Trust itself must be in a legal format with; 1.) a designated Beneficiary for the Trust, 2.) a Trust Grantor, 3.) one or more Trustee(s). Each Trust must have a name. When the Trust is completed and registered, there will be a place in the Beneficiary's Personal Office where the Trust Documents can be uploaded and stored for the Beneficiary's reference. It will be an option for the Beneficiary to establish a QFS Account for each trust that can receive trust funds from the RSS platform. This will give each trust a running balance if one is so desired. The 2nd choice is to have all

of the Trust fund totals be put into the Cash Account Report Box on the Main page of the Personal Office. The Beneficiary can do an account-to-account transfer for any of the QFS accounts they own. It will be similar to on-line-banking. Each Beneficiary will have access to the QFS to establish new Accounts or for any transfers wanted. You will be in complete charge of the accounts, either from the RSS platform or any device one chooses to access the QFS.

One or more of the 6 Trusts can be used for minor children. The Trust Document must reflect this choice. A Trust for a minor child will continue after the minor child reaches 18, at which time the child can register for their own Beneficiary Account. The Trust document must reflect this continuation of the Trust with new guidelines for the use of the funds. This is why we suggest a Revocable Trust.

The way trusts are dealt with in the new GESARA compliant governments are not yet known, but for RSS purposes the Trust need not be registered beyond the RSS Platform where the Alliance will have access to the document for review if necessary.

How the Beneficiary Account works

A **Beneficiary Account** receives a download of 10 cents per minute into their account on a continuous basis, 24hours per day, 365 days per year.

- 10 cents per minute = \$6 per hour
- \$6 per 24-hour day = \$144 per day
- \$144 per day = \$1,008 per week
- \$144 per day = \$4,464 per 31-day month
- \$144 per day = \$52,560 per year

A Beneficiary may only **purchase** one **Account**. This is given at the time of registration. You may increase your revenue by registering other individuals through the **Bonus** programs listed below.

The RSS Three Bonus Program.

The \$50 Thank You Bonus. To give an incentive to share with other people, the Thank You, Bonus of \$50 is given when a Beneficiary registers a new Beneficiary under his/her, User ID #. The RSS program is a private, closed organization; to register and purchase an Account, a

person must be referred by an established **RSS** Beneficiary and register using that Beneficiary's User ID#. There is no other way to become a Beneficiary without that referral. There are **no limitations** as to the number of new Beneficiaries one may register. Keep in mind, this is a **revenue-sharing** program and has no profit incentive whatsoever for RSS. Your participation as a Benefactor is welcomed, and, yes, a Beneficiary receives a continuous minimum flow of at least \$1,008, per week.

The, "Registration Bonus" program The Registration Bonus program is also given as an incentive to share the RSS Program with others. This Bonus increases the per minute download into the Beneficiary's RSS account, by one Penny for every two new Beneficiaries referred and registered under the User ID #. This Bonus is in addition to the \$50 Bonus but is a permanent addition to the per minute download to the Beneficiary's account. Each additional penny adds \$14.40 per day, \$100.80 per week, and \$5,241 per year. If and when you as a Beneficiary have registered 30 new Beneficiaries, it is the equivalent of adding 15 Cents to the original Share value downloading 10 Cents per minute. At a total of 25 Cents per minute download, this gives \$360 per day, \$2,520

per week, \$10,800 per month, and \$131,400 per year. There are no limitations as to the number of new Beneficiaries one may refer and register.

The Generation Bonus

This Bonus is an increase of the Share download of one Penny for every 10 new Beneficiaries registered by a 2nd and 3rd generation Beneficiary that has been registered under your User ID #. Built into this Bonus is the incentive to share with larger organizations; such as a Church Congregation, or other non-profits, that have a larger number of potential new Beneficiaries. This **Generation Bonus** is in addition to the, **\$50 Thank You Bonus** and the **Registration Bonus** program mentioned above.

The Revenue Sharing Solutions program was designed as a way to put significant funds in the hands of many, many people. The Great value to the Zim Benefactor is that the platform is automatic and needs little attention from the Benefactor. Once it is set up, the only requirement from the Benefactor is to monitor their Master account that pays out the funds to the

Beneficiaries. Another great value of this RSS program is found in the communities that will benefit from the infusion of funds within a community setting that affects the Family Unit. The RSS program is designed to help alleviate financial stress and thus give families a better chance to raise children to be responsible adults. RSS understands the innate desire to help others and so the internet platform was designed to give a small incentive to share with others and help them find further financial relief as well. The Bonuses will assist in accomplishing our goal of getting money into the hands of those that need more money in their lives.

We welcome your participation and hope you find joy in serving one another.
