

Revenue Sharing Solutions

The Technical Manual

(Revised Feb 2023)

Note: The International use of the RSS Program.

Each country may have a different Socioeconomic system that reflects the level of funds needed in that country. Love Won Society is planning to adjust fees, downloads, and RSS Bonuses to reflect the Socioeconomic circumstance in each country, so there may be changes initiated in each country where the RSS program is implemented. The figures used in this document reflect how it will be in the United State.

The **Revenue Sharing Solutions (RSS) Action Plan** is a Humanitarian's dream come true. It solves the problem of getting money into the hands of hundreds of millions of people through an internet platform. It does the work, and you enjoy the benefits of an Action Plan that keeps on working on its own.

When a Humanitarian wants to join the RSS Action Plan, they Join with the position of Managing Director. The Managing Director is the one who supplies the funds for the whole program to work. The Managing Director position will be explained later in this and other documents.

The Revenue Sharing Solutions (RSS) Action Plan is a non-public, closed membership organization. Only those who are referred by a Beneficiary already in the program can join. The referring Beneficiary supplies the new member with his/her User ID# so that they can join. Without the referring User ID#, the registration cannot be completed.

A Beneficiary is one who receives money, and in this case, receives money from Registering with the RSS action plan as a Beneficiary. When the Action Plan is funded and activated, it will have a web address of **RevenueSharing.Solutions. The Revenue Sharing Solutions website is not yet active and won't be until after funding is received.**

This powerful RSS action plan is the foundation of the other 4 plans, it all starts here. (See LWS Action Plan Overview at <https://qfs2020.com/lws-action-plan-overview-1>) The plan solves the problem of sharing Managing Director's wealth with people and does so in a way that people can retain their dignity and avoid the feeling that they are on a government doll system.

The RSS platform will be housed in the Quantum Internet system and will interface with the Quantum Financial System (QFS). This makes the platform safe and secure and easy to transfer money. Being housed on the new Quantum Internet makes it is accessible to most people worldwide. The platform has been Specifically designed for humanitarians and the type of work they are to accomplish. Given the complex problems associated with humanitarian work, the RSS platform stands tall as a real solution to many problems.

The purpose of sharing this wealth is to spread money throughout a community that can upgrade living standards and alleviates a lot of financial stress. For years, the basic fabric in society, the Family, has suffered

from the lack of adequate financial opportunities. The present failing financial system was created by years of mismanagement that tenders to the “elite” privileged class that **excludes 99% of the population** from major participation. This RSS plan helps solve that problem and puts the funds where they are needed the most.

The RSS experience starts with the purchase of a “Beneficiary Account,” for \$10. This will be done at the Revenue Sharing Solutions website on the RSS Platform when it is completed. Once registered and the \$10 is paid by debit or credit card, the platform begins to download funds into the new Beneficiary’s RSS account. When registered, that entity; whether a person or a legal non-profit, is called a “Beneficiary.” Through the Internet Platform application, revenue is downloaded to the Beneficiary’s account for their own personal use. Once the Beneficiary Account has begun, it continues to flow to the Beneficiary as a continuous revenue stream that lasts until there is no need for money; if that ever happens. The minimum age for a personal Beneficiary Account is 18 years of age. A Beneficiary can only establish one (1) Beneficiary Account. If attempts are made to establish a 2nd account, it will trigger a breach

alert and the offending person(s) will be eliminated from the Program.

How the Beneficiary Account works

A **Beneficiary Account** receives a download of 10 cents per minute into their account on a continuous basis, 24 hours per day, 365 days per year.

- 10 cents per minute = \$6 per hour
- \$6 per 24-hour day = \$144 per day
- \$144 per day = \$1,008 per week
- \$144 per day = \$4,464 per 31-day month
- \$144 per day = \$52,560 per year

A Beneficiary may only **purchase** one **Account**. This is given at the time of registration. You may increase your revenue by registering other individuals through the **Bonus** programs listed below.

The RSS Two Bonus Program.

The \$50 Thank You Bonus. To give the incentive to share with other people, the Thank You, Bonus of \$50 is given when a Beneficiary registers a new Beneficiary under

his/her, User ID #. The RSS program is a private, closed organization; to register and purchase an Account, a person must be referred by an established **RSS Beneficiary** and register using that Beneficiary's User ID#. There is no other way to become a Beneficiary without that referral. There are **no limitations** as to the number of new Beneficiaries one may register. Keep in mind, this is a **revenue-sharing** program and has no profit incentive whatsoever for RSS. Your participation as a Benefactor is welcomed, and, yes, a Beneficiary receives a continuous minimum flow of at least \$1,008, per week.

The “Registration Bonus” program The Registration Bonus program is also given as an incentive to share the RSS Program with others. This Bonus increases the per-minute download into the Beneficiary's RSS account, by one Penny for every two new Beneficiaries referred and registered under the User ID #. This Bonus is in addition to the \$50 Bonus but is a permanent addition to the per-minute download to the Beneficiary's account. Each additional penny adds \$14.40 per day, \$100.80 per week, and \$5,241 per year. There are no limitations as to the number of new Beneficiaries one may refer and register.

The Generation Bonus – has been discontinued.
