

# **The Redemption Appointment Suggestions for Zim Holders doing the RSS program**

**The Redemption Appoint will not be an adversarial experience for Zim or currency Holders.** The Quantum Financial System is a brand new financial system that will take the place of the old Central Bank banking system. The Alliance, which includes both off world entities and White Hats, the Military, the Ascended Masters, and many highly evolved Spiritual Beings. All of this effort and the many lives that have been lost have all been sacrificed so that we are able to do our humanitarian work.

Everything has been set in place for us to go to the RV appointment, get our funds and then go to work. We, as an unorganized group of humanitarians, are the ones that will pick up the ball and do the heavy lifting to bring humanity out of poverty and debt slavery and into a new earth filled with freedom and financial independence. As with most things, the cream of the crop will rise to the top. We are held in the highest of esteem as the worker bees who will get the job done.

The interviewers have no limitations as to how much money we can have. We will get all we need to do our work. They are tasked with giving the right amount of money to people who have a plan and can accomplish the work of constructing a New World Economy.

It is vital for all of us to gain the larger vision of the success that is awaiting our entry onto the stage of life. If you think you are ready to do your part, it will be necessary for you to think big and go after the highest Zim Redemption Rate that you feel is necessary to accomplish what you intend to do. If you have read the Love Won Society humanitarian documents, you can see that we will require huge sums of money to get our jobs done. If you don't see this yet then re-read the documents again as if you are the only one in charge of implementing the programs. It can be overwhelming.

So, let's be sure we are prepared for our redemption appointment which is the starting gate to the whole adventure. All our preparations point to that moment in time.

**Love Won Society documentation.** We have been assured that those Zim Holders who intend to participate in the Love Won Society programs will not have to explain the whole program. Persons conducting the redemption appointment will already have been briefed on the LWS programs. They will, however be looking at the Zim Holder to ascertain a sincere intent to do the Love Won Society programs in addition to their own projects.

## **The Appointment**

Prepare your presentation in a three-ring binder, one for each person you want to take to the presentation and one for the interviewer. Prepare to leave the interviewer his/her binder. Use tabs to separate the documents. Include in this order:

- Introduction and Request page (example below)

- **Bullet point presentation** (Prepare a short bullet point presentation that should take about 7 to 10 minutes. Once you have given the bullet point presentation, it's time to let the interviewer ask questions. Don't talk unless asked a question. Dress well. Sit up straight. Be positive. Listen closely to the questions and be sure your response is on point to the question.)

### Supporting info for reference

- Your LLC or other documents establishing your structure. (A revocable trust document will be made available at the appointment to temporarily use as your structure to receive the funds. You will need to name the trust.)
- Executive Summary of your projects to include the LWS programs. This is the long version of your presentation – the interviewer may skim through just to see that you have thought it through.

## **Closing thoughts**

Once you have gone through the requests and gone through the bullet points, there is very little for you to talk about. The interviewer will not want to read through pages of information. Have it available to read if he/she wants but leaving the binder with them should help in case they want more information. Understand that the way you address your

request will be a show of your intent. Be positive and respectful but expect your requests to be fulfilled. Have some question written down about how to interface with the QFS to transfer and access your funds. The interviewer may give you a website address where it will explain the QFS and how to use it in support of your projects. Unless you have not been honest in wanting to participate in the RSS program, your requests for the higher rates will be granted.
