

There are a lot of RV & Alliance-related questions that could be answered by oneself if, indeed, a person really comprehends who the **Earth Alliance** is. As always, this info is my knowledge from my research and receivings. If the message resonates with you, then it was meant for you. If not let it be and disregard it.

Introduction

At 9:00 AM, Eastern Daylight Time way back in September 2001, we had 9-11 and the destruction of the Twin Towers and Tower #7. The earth found out that the Deep State is deadly serious about maintaining control over the earth, even to the point that they will kill or destroy anyone and anything that gets in their way.

At 10:00 AM, Alan Greenspan was scheduled to publicly announce NESARA, the new law that was the remedy for the illegal activities of the banking industry in cahoots with the government. This public announcement would fulfill the requirements to bring NESARA into Positive Law.

Why NESARA?

The banks and the government illegally foreclosed on family farms in the Midwest. These farms were owned by Allodial Title giving Land Patents to the farms. (A land Patent is a Document that gives legal protection against illegal land grabbers) It is illegal to foreclose on any property owned with Allodial Title. (The USA Inc. thinks they own the land when they foreclosed on the Federal Republic. They do not honor our property rights.) A property with this kind of title can only be transferred by the property owner **voluntarily**; meaning that it cannot be taken away by any other means. The unknown, innocent owner pledged the properties in question was pledged to the banks by the unknowing, innocent owner as security for a loan. They had no option but to pledge the land or not get the loan. Forfeiture of the property was written into the loan if not paid back on time. This was against the law; the banks knew it and the County Clerks from the County Governments knew it as well. The clerks recorded the transfer of title to the banks without the

voluntary signature of the legal owner. It was pure fraud perpetrated and justified by the illegal foreclosure of America to the USA, Inc.

Consequentially, the NESARA law would be put on hold for the next 20 years. A meticulous plan with military precision had to be put into place to right this wrong by the illegal Central Bank System that has put America into the debt slavery system that now exists.

Has anybody publicly asked a politician to whom we owe the National Debt? Who loaned the USA the money they created out of thin air and then charged us interest on the money? The Culprit: The Federal Reserve Bank, a private organization owned by thirteen banking families. This is the greatest government-sponsored travesty ever committed against mankind on this earth.

All our Income Tax goes to pay the debt on the Federal Reserve loans. We can never pay off the debt, the Fed does not want the loans paid off, they just want their interest payments. Approximately 20% to 30% of the income of the American people

goes to these thirteen families. The question is why? Who is looking out for the interests of the people, certainly not any of our highly esteemed but crooked Politicians? JFK tried - they shot him.

The Central Bank has tentacles into every facet of our Republic. There is no way we can or could ever get out from under these Satanic Demons. They control the world as well. Who can help us? Who can defeat these soulless miscreants? For hundreds of years, millions of prayers have gone out asking God to help us. Divine timing is everything.

In His mercy, our God's Source has moved into place, a plan that will defeat these Demons that have a death hold on mankind. Did the plan just start? No, it has been in play for hundreds if not thousands of years. The plan is to destroy the evil amongst us and bring on the Golden Age of Mankind. The good vs evil contrast takes time to see and then to make a choice about. It's not God's fault, so he has/had a plan for us all along.

The Earth Alliance is formed; who are they?

1. Ascended Masters, (including Jesus, Mohamad, St Germain, Buddha, etc.) Angels, and other Celestial Entities from the Spiritual Realms including the Higher Self, or Oversoul of all Light Workers. This is our personal connection to the Alliance; every Human has one.
2. Benevolent Extraterrestrials from advanced Star Systems some of whose inhabitants have incarnated on the earth at this time to help us succeed.
3. Boots on the ground White Hats consisting of militaries from around the world and a sampling of Heads of State and other world leaders.

1. The Ascended Masters, Angels, and other Celestial Entities from the Spiritual non-physical Realms.

Each of these groups has come with its powers that provide a complete blanket of protection for the plan to succeed. It was not just to defeat the enemy. it was to start a new Earth that serves Mankind. The benefits include a new system of governance,

NESARA and GESARA law, and a new Financial system that serves the needs of the people, The Quantum Financial System.

The Heavenly Realms engaged their best to assist with the demise of those who have taken away our freedom of choice and to pursue life liberty and the pursuit of happiness that is basic in our Constitutional Rights. The heavens came with the ability to know all people on the earth, their needs and wants, their talents and knowledge, and their hearts. They also knew where the enemy resides and how to terminate their despicable hatred of humans and remove them from this part of creation. It must be said that they came to stop the Satanists and rescue the children and those who have been trafficked for sexual activities. I'm sure glad they are here to create justice for those precious souls who have been tortured, killed, and sexually abused. The Human Race is not here to support their Satanic Rituals anymore. That is God's decree.

2. Benevolent Extraterrestrials and their Technologies.

Extraterrestrials came with advanced weaponry that could be used by earthlings. They also came with the Universal Rules of Engagement. They cannot engage our enemies for us but can assist us with their technologies. However, they can engage the enemy if they are asked to when things are beyond the White Hats' abilities to fight the enemy's superior technology.

The plan included the employment of warriors on both sides of the veil. The highest technology must be available to find and defeat the entrenched enemy. The evil dark entities have technology far beyond the ability of the earthbound warriors to defeat, so this technology had to be imported from advanced, benevolent Star Systems, which had technology that is proven effective against intruders. Their technology was not offensive weapons of war, but rather they were weapons of defense based on love and self-determination. This avoided any Karmic liability.

3. The White Hats and other earthlings including President Trump, President Jinping, President Putin, and many other world leaders.

The White Hats include many militaries of the world that are considered the boots on the ground. These people are bearing the major burden of engaging the enemy. These are the ones who are human and put themselves in harm's way for the good of mankind. Can you imagine the horror of going into a dark tunnel to find the enemy, go through a firefight to terminate the cowards who have been hurting our children, and then see the broken, tortured, and gruesome bodies of the children as they hang onto what semblance of the life they have left? Vomit bags are issued with their combat gear. Let's hope these brave men and women can find a med bed to erase their minds so they can come home to their families and have a somewhat normal life. The children and other victims will be taken care of, that is for sure. They are in the hands of God's loving Earth Alliance.

That is the Alliance. These are the elements of the Alliance's structure. It is not hard to see that we are in good hands. As we wait impatiently while the brave men and women are winning the battle, let us resolve to dedicate our lives and our funds to finish the battle against poverty and the tragedies that

mankind has endured at the hands of these sub-human miscreants. Our time will come when God will unleash His army of lightworkers with the heart to bring freedom to His people of earth. We are part of the plan. We are connected to the Alliance. We will show up.
