Let's go ahead and get started. Today's topic, again, is the discussion of the Alliance plan. Also in discussion of managing directors certain action steps that we should be thinking about and taking through this process of preparing for redemption. At the end, we're going to have this particular part of the presentation, we'll open it up for live q&a. If in fact, after certain sections are completed, we'll allow people to come in and ask questions for that particular section. So I'll give you a heads up as we get close to it, raise your hands, and we'll certainly try to get as many people as possible quick reminder, if you can to try to limit your questions to one no more than one, maybe two questions, keep them concise and to the point. So we can get as many people to ask questions and as much response from Ron as possible. Okay. So with that being said, we'll just go ahead and get started wrong.

R Ron Giles 00:56

Right. All right. So

D Dominick 00:59

that we'll jump right in discussion of the Alliance plan. So the Allies plan is in discussion of the LWSstructure and programs that are a collaboration between the Alliance and LW s what they put together for us in preparation for our service to humanity. And so, in the minds of the Earth is considered to be the crown jewel of the Divine Creators energy. And the Earth has been suppressed by offworld beings, and has not allowed us to know who our true original our true self is, and what our original purpose really is. And so this plan could not have been done without the creative mindset and energies of the people here. So that we're here for being used for this particular purpose. comments have been made off and on that we are very powerful,

and that we just don't remember yet. But we eventually will. And that the human species is the only species that is created in the image of God or source. And that is our this is our Creator, this is our purpose. So Ronnie, have comments on that.

R

Ron Giles 02:06

Yeah, let's let's start out with a little bit between the collaboration between the Alliance and love won society on our website we have this is the plan that the alliance has set forth for us to redeem Zim bonds, is the money that is the magic with what we are going to be doing, it is our job to get the funds that we need to accomplish what we're trying to do. As far as humanitarians are concerned, if you want to really understand the Alliance plan, there's two ways number one, we've got it here and you can get it out laid to us. But number two, if you want to find out what is not the Alliance plan, then go and listen to the the people who are talking, I call them gurus, others call them to others or whatever they're going to be called or what want to be called. That's okay. What they're doing is just stirring a pot over there and getting it all messed up. Now, a lot of what's going on is with the Alliance is that we are in a spiritual war, not only spiritual but physical with the with the cabal in a war situation, you very seldom send out real truth to people who don't have a specific responsibility or need for correct information. So oftentimes there is military deception. Why would they do that? Well, you said about you're gonna have songs I was going to be going over to here and this location and you're telling the the enemy that that's a good place to bomb. So you don't do that sort of stuff. Unless there's some kind of reason for you to deceive them. And it is in the military deception. Now I'm just gonna say this out loud. 107 is notorious for his military deception, denying the Psara and saying that the revaluation redemption is a scam is his way of giving us a military deception. The the alliance will give out a date of some sort. Only if it is a military deception. was coming from the alliance and are given a date. It's a military deception, because they will not give us a date. When things are going to happen, it will happen to our greatest surprise. And that's especially having to do with the the alliance, the Alliance giving out redemption appointments, you're just going to get notified. And I don't know how that's going to happen. I have not been told. We need to keep in mind that my phones can get tabbed. And they're not going to give us any information or is not going to give me information that can be used by other people to our detriment. So we're under a different set of rules and regulations. We have to allow one on saving or anybody else that want to be true others to say the things that they are instructed to say, without destroying him or them. Just understand its military deception, if it is not a military to Terry deception. Well, you don't have to believe it anyway. What if it's not and he's part of the Cabal or something like that, then that's a different story. But we don't need to know that. We just don't need to know that because what we're trying to do is press on with love won society. And the Alliance plan of redemption. 107 and his truthers and other people have an audience. Most of our love won society people are not that audience. They'll listen occasionally and do because we get to their frustrations of them when the melody Terry deceptions come out. It doesn't matter what is going on outside of what we're doing. Really, it doesn't matter. We'll get little glimpses of things that might be taking place that are moving us forward towards the redemption process and the establishment of Nisar and, and the activation of the quantum financial system, all of this is going to take place. But we're not going to know about it and really until it's happening. So don't plan on these things. This information coming from truthers love won society is different. We're talking potentially to the the 30,000, or it could be up to as much as 35. There's a variance there 5000. That's a lot of people, I think it's going to be closer to 35, then just 30. And by the way, SK Rs, I have received some funds today that double what we have available to back our SK ours, we're really well endowed with what we have. And we'll probably come out with some more, another round of SK Rs in a couple of

weeks or whatever. So it's very important for us to understand that the alliance has set up a way to do the redemptions. And they are giving it to us and to us only. And if other people have different ideas and that are different than what I'm getting. I don't care. Why do I don't I don't care because we're doing things the way that the Alliance wants us to do it. If I was not getting the information from the Alliance, and was getting it from somebody else, then I would be concerned, but I'm not. I'm getting it directly from the Alliance. Let that sink in. So if you think that I'm doing something wrong, or that love won society's programs are not up to par. You just wait and let it take its course. We're never going to be deceived. As we listen to the alliances that come through me and I'm not being I'm not I'm not reading my own bell here or whatever. tooting my own horn. I'm just the instrument that's getting it done. And if you don't like this instrument, getting it done the way that they want us get it done, then you can go someplace where you feel more comfortable. and it doesn't bother us. Because there are people who are just in it for the money, and they're going to be terminated somehow, as far as their relationship with us, either with it at the redemption appointments, because they're not humanitarian, see, I don't care, I'll give you sign up on our site. And I'll give you s k Rs, you sign up your, that qualifies you. Just signing up qualifies you. But then from then on, you're going to need to do the the training and get yourself prepared. And if you're not a humanitarian, then you will find that those thoughts in your mind about just the money, keep moving with motivating you and moving you forward. And then all of a sudden, you're gonna go to the appointment, and you have deceived yourself in your thought processes. And then you will have a problem with getting funds from the alliance. And you're the first of all, you'll probably have funds given getting problems, getting the appointment. Because there's no reason for them to give you an appointment, and then come and tell you, you're not humanitarian, so you're not getting the phones. That's what it's like, being with the Alliance. We don't care, please, we don't care about 107, or anybody else, giving us their interpretation of what they're supposed to be telling us. If they're coming from the Alliance. We don't care what they say. It's not for us. It's not for us, because it's in opposition to what we're doing. And we are doing it the Alliance's way. So let's just tell it like it is. So I'm trying to do. I'm not trying to persuade you, it's your heart that's involved with this. If it comes from your heart, then you can believe it. And that's what our new people are coming into the Alliance way of redeeming bonds so that they as humanitarians can have their funds. And they're going to bring us opportunities to fine tune our because they have people that will will help with projects. I'm not sure how we're going to work all that. But there's an annuity that needs to maintain itself. But there's the inter actions between people and that can happen. And that's where the magic can happen for us to get the information that we need for doing our projects. So I'm really thankful for Holly and her group and her partner and others who are involved with her that are doing such a great job. So it's a good thing. But that's what the alliance is they we got the Alliance's way of redeeming Jim bonds. We don't have to listen to anybody else. We just get it from there. Now, if you don't have that faith and that trust, then you need to start asking your heart a little bit more and come from there. If you're finding opposition or finding things that you feel like love won society is doing wrong. I get I get some of that, and I have to deal with it appropriately. But love won society is not really going to change if you have a good idea. And things are not set in stone, then I'll change. When I say I'll change I'll consider it and counsel with the Alliance and just like a counselor would do or with a counselor from the alliance. And by the way, I haven't gotten mine yet but I do have the Alliance anyway, so okay, I'm trying to think what whatever something else I need to say about that. But

D

Dominick 14:27

what Ron Can I Can I jump in? Yeah, can I jump in? Because I'm, I can't push the raising hand

button. But I have a really I've been wanting to ask you this for a while and I'm sure a lot of people are wondering, it's more of a comment statement and then a question, but, you know, Ron, looking at the perspective of what LW s and the Alliance have put together for redemption. The program's how its laid out the premise of wealth distribution through the RSS program and the efforts to help communities to the CAC and Arielle S and ESS and ICCH, these programs that we've now been a lot of us have been preparing for. I have yet to see. And even go beyond that the information that's on the website QFS 2020, the blogs that you have put out the pieces you felt put out, I had really yet to see any other person out there. Talk about a structure like this. Do you know if there's another group like this? Not that we really, it really matters? But I have yet to see this, this, this entire process of LWS, and then this constant discussion of communication with the Alliance? I don't hear this from anybody else, have you?

R

Ron Giles 15:44

No, I have not. I suppose if I asked if there's some there might be some are trying to do something similar to it. But none of them have the power that is involved with the alliance with this. So I have to agree with you. And I'm not putting myself in a position or you know, trying to get up on the stage and take a bow or something I didn't have, it's not me, you won't find me do that. We're just doing what we're supposed to do. And the Alliance just loves the way things are happening right now. And you should have heard the joy that was coming from the collaboration with with the New Earth foundation people. So it was the heavens are really pleased, the alliance is excited about this. Sometimes they there, they have to move their chairs around a little bit when they get excited. And because they sit and talk with each other, I don't know what's going on. But they have with this sort of thing happens. You can hear the chairs move in as they get up and talk, start talking and do whatever they're doing. Or the enemy, you'd say it's they're having a lot of fun with this. And imagine, imagine if we had the RV and the alliance and plans a month ago, but we missed out on all these people. You know, we're working with divine timing. And it'll all just be perfect as it unfolds. And so let's not get too angry and upset with the Alliance for the way that they're doing things. Because when the time comes, we don't have to worry about having problems with our government and taking trying to take our money or other individual finding out who we are. The those kinds of people will be taken away from us and not because in some problems, so we're just doing it their way. And what a great blessing that is for us. Because we get to come from our hearts and do our humanitarian work. And they're going to provide us with everything we need.

D

Dominick 18:05

So it's safe to say it's safe to say Ron, that we should just be practicing and preparing, sharpening our spear getting it as sharp as we can right now.

R

Ron Giles 18:13

Yeah, sometimes it's a pencil. We just would, you know, we're communicating, we're doing things we're getting out there, we're getting. And I think things are going to change a little bit as we move closer to it. So it'll become more spiritual. As you're fine tuning your life and gaining your greater vibrations, your minds, the thoughts of your mind will change. You'll just start feeling like you're becoming powerful. Because that's who we are. We're children of God.

When we tap into our power, nothing can stop us. You don't stop God or His children. You can mess us up with your mind control and all that crap. But we're coming into our own and we're going to create the golden age of mankind, and we are going to be having a lot of fun and a lot of joy. So it's out there for us.

D Dominick 19:22

Wonderful.

R Ron Giles 19:23

Thank you for that question. And I appreciate the chance to answer that because no, there are no other love won society type organizations out there that I am aware of. Great.

D Dominick 19:35

So before we move on, if you'd like to, does anybody want to come in and make a comment or ask a question to Ron just go ahead and open it up? If not, we'll move into the next part. Okay. All right. Well, got one there. Looks like we've got a couple IRAD got you unmuted if you'd like to come in and Gabrielle you'll be next.

S Speaker 19:58

Hello, everyone. Hello. On. Hello. Hi, Ron. I'm glad you're back on top vacation is not going? Well, yesterday was yesterday, I'm getting up some money for a second. I met Holly, I said one. And Tracy, introducing us to Holly. I think it's a good thing. And I think it's a gift from God that she has gotten involved because it's probably meant to be. And I know it's gonna be successful. And I noticed we have 287 healers right now on the chat. And I'm so happy, I'm excited for everyone's in love. And I'm going to let them know that there's a lot of help in the chat room and the project area will disappear, this individual can get more information. And if you raise your hand, yes, a question you're going to be answered. So thank you for coming on board. And God bless us all on. Thank you, Ron.

R Ron Giles 20:50

I read. Thank you appreciate that.

D Dominick 20:53

All right. Thank you. And I'm actually glad to be back. Gabrielle, I'm gonna go ahead and unmute you.

S Speaker 20:58

S Speaker 20:58

Hi, now I can speak Hello, you, you all are on I have one question. A lot of truths as speaking about alliances. So can cancer be a disturbance for us with with the other alliances? laughing but I really want to have some question because, you know, there are some people out who have this reptilian part of their souls. And so are also speaking about alliances models, so that we are really well, that nothing can happen to our communities. That's my question. I'm, sometimes I'm a little bit worried.

R Ron Giles 21:50

Well, let's put those those thoughts aside. This is the greatest thing that the earth is working on at the present time. We don't oftentimes get divine consciousness that creates a quantum financial system. We don't have very often when the God consciousness creates an internet, that's going to be pure, and is going to be free, and we're not going to have problems. These are the kinds of things that God does when it's his turn to prevail. Cabal has had their chance they're finished. This is now the dispensation of the fullness of times. Nothing is going to get in our way. Nothing. I don't care what anybody says about their alliance and all of the garbage that they come up with all I'll listen for two minutes, and I'll pick them apart completely. Because they got to do it the Alliance way, or they're not part of the Alliance. Just a simple thing, like saying, asset backed instead of just gold backed currencies in the quantum financial system, disqualifies them from any understanding of what's going on. It's just if there's somebody that's trying to compete with us, they won't have a chance. Okay, we have been given too much information. And we're never going to be changing that the direction that we're traveling with the Alliance period. I have no reason to change.

S Speaker 23:32

Well, no, no, of course not.

R Ron Giles 23:36

I'm an arrogant guy, I'm going to change.

S Speaker 23:42

Okay, thank you very much.

R Ron Giles 23:44

Just Just put your sword away and go away. That's what we have to say to those people. Yes. There's no no reason to be contending with us. Because there's there's nothing to contend for because you're fighting for the right thing. So thank you for your comments. So

D Dominick 24:07

D DOMINICK 24:07

Gabrielle, thank you so much. And Ron, I would not say you are arrogant. I would say you are passionate, and you definitely are showing it today. And it's awesome. I love it. Dennis, I've got you unmuted if you'd like to. Hello. Hello. Hello.

S Speaker 24:24

Can you hear me now? Yes. Okay, I come from a place of my heart. Yet I am sensing as a protection. I have a couple of friends that I have shared, actually, many friends that I have shared the TFs 2020. site to and they're overwhelmed and they stepped back and I said but there's the fkr you don't have to put anything out. And they don't want to touch it with a 10 foot pole which is fine. But I also I have other friends that I am sensing a reluctance to share it with because I don't want them to step up and get a SKR. And then does that money get lost forever? If it's not redeemed to them? Or can I just share it and it's not meant for them. It's not hurting anybody.

R Ron Giles 25:22

It's not hurting anybody. We have so much. We have so much of the bonds, that back all of those SKR. There. We could be running 24 hours a day giving them out to people, and we would not overrun what we have. So you're saying,

S Speaker 25:45

I want to share? Yeah,

R Ron Giles 25:48

what I'm saying is, it doesn't matter to me, I'm going to give you an S, kr. And yes, it's going to be redeemed by the Alliance. If you don't redeem it, there is no loss at all for anybody, not for us or for except for them as they tried to, to redeem it, and they're not qualified. And you know, they they gotta be humanitarian. Some people get upset because I've all here's the here's the fkr. Well, we have to join your your group, and I'm saying, it's our group. It's our phones. It's for our people. We're not public for this sort of thing. But you sign up on our website, giving some indication that you're interested in it, then you're qualified to get the fkr. And I have no problems with that. But you got to understand if you're not a humanitarian, it's not going to do you any good.

S Speaker 26:44

Right? Well, I'm glad that Holly stepped up with this new Earth foundations. And I do think that I can re present this to some other people that felt totally overwhelmed, and not knowing if they'd be able to step in. But I think with that other guidance in the collaboration, many more people will now be able to step forward.

R

Ron Giles 27:04

Oh, I like that idea. That sounds really good. Thank you very much, my dear. Appreciate it.

D

Dominick 27:13

Thank you very much. Patriot priestess. I will go ahead and release your mic. Ron. Just want to let you know that we have a lot of new people wanting to ask questions. So if you don't mind, we'll just continue for this for a little bit and then kind of move on. But we're looking really good so far. And a lot of new people want to talk to you.

R

Ron Giles 27:31

Okay, I have no problems.

D

Dominick 27:33

Sounds good. Patriots priestess. You can tap on your mic and come on in. Hi, Tom, can you hear me? Absolutely.

S

Speaker 27:44

Great to talk to you about I have two questions. One is about myself and the other is directed a little bit at director if you don't mind. So first of all, when I originally joined LWS I submitted for my SKR got it right quickly. What I didn't know was the parameters which have changed since a couple of times. So Ron, I did not request any ml Lilian. And I know that you say that is what we need to donate to the alliance. I would like to donate to the alliance, either whether I had them or only with my regular redemption. I'm just not sure what to do. Since I messed it up the first time. I did submit for a second fkr to have it. So I haven't done correctly with both the Quintilian and the millennium, but I have not gotten one back. So I didn't want them to think I was double dipping. Anyway, I don't I don't really know how to resolve that situation.

R

Ron Giles 28:45

But let's see, let me just say it really easy. There's no problems with people that don't get their SKR. Okay. The problem is, is that there's some hiccups in the in the emails or whatever. If you don't get your SKR's, just go ahead and fill out the form and get some more and get another one and ask for the full amount.

S

Speaker 29:11

I have which I guess is the issue because I have and I have not received anything back.

R

Ron Giles 29:18

Yeah, just do it again.

S

Speaker 29:20

Okay, all right. No problem. You're not

R

Ron Giles 29:23

hurting anybody and nobody's gonna get fired or killed or anything like that. Because to get for it, we want you to have the SKR all 180 880,000,020 of the 100 quintillion. You're entitled to that. So let's get anyway. Anyway.

S

Speaker 29:47

Well, I will continue to submit it until I receive it. Thank you so much. And the second question is, Is it okay to talk to potential director about our plan Hands and everything, I'm not sure what is allowed to be talked about?

R

Ron Giles 30:05

Well, there's nobody saying that you can't do that, I would say, if you share inappropriately with somebody, then you can have a lot of discrimination against you that sort of thing. But if your heart tells you that this is a time to talk, start talking to people, then open up your heart and follow that commit to that commitment that they're trying to say, to go ahead. The scene, the reason that I say if you share inappropriately, you know, you can talk to a four year old about the cabbage patch and or the stork and that sort of thing, but you don't destroy them by telling them all of the birds and the bees and everything about it. So you say things that are just appropriate. And that way, you don't get a lot of people coming back at you. So but your heart will know when the right time is there. Are you prepared for it and your heart will take that into consideration? And then if it's if it's appropriate spirit will put words in your mouth.

S

Speaker 31:14

Thank you,

R

Ron Giles 31:15

Virginia mouse, you'll just be just be because you're working for the Alliance. And they're here helping us all the way.

S

Speaker 31:24

Thank you. Um, that's basically what I've done. I guess I just don't want to overstep by talking about too much. Or jeopardize you know, our group or anything going forward. But there's, it's a big responsibility for somebody who may fit well into my team. And I just didn't want to not say anything, and then have it slow me down once we are ready to go. So

R

Ron Giles 31:51

yeah, you'll be you'll be fine. When you follow a card, my dear. Honestly, that's just the that's the only way that we can work this. Your heart is the one that's in charge, if you let it and your mind goes, will bring up all kinds of questions. And then some your mind is kind of doing that. Now. I don't know no one heard anything. Well, there's comes a time from your heart that you feel very comfortable and confident in what you're doing. And then you get to that point on the other side, and you you can't be stopped saying the right thing, because you're coming from your heart and the spirits telling you what say, so under those circumstances you're firing out well for because the will is God's saying it's my will that you produce and find these people and help find them. Okay. Yes, thank you, sir. Thank you.

D

Dominick 32:50

Thank you very much. Just a quick comment too, on the SKR. And just a reminder, Tracy always likes to remind us that to allow for at least 48 hours in order if you have submitted an SKR wait about 48 hours to up to three days to see if it comes through. And then if it does not, like Ron says resubmit and keep doing it until you get it. But sometimes you got to give it up a little bit of time, so that we can make sure we catch up and get the information back out to you an email. So just to remind on that

R

Ron Giles 33:21

the person that's doing this is already working for us. And is is a personal assistant, so she doesn't live in the United States, she's foreign. And so she goes to work and does everything that came through for the fall the previous night. And she'll fix it and send everything out. She's very quick. And then she'll do other stuff during the day and whatever comes in during the day, she will take care of that before she goes home. So, but she doesn't work on her weekend. And so her weekend starts on Friday and Saturday. And our starts on Saturday and Sunday. She's not working those days. So if you send it to her, then it's going to take more than 48 hours to get them. So just remind yourself that there's people, you know, actual people, it's not automatic, it has to be done properly. And that things have to be checked out with emails and so forth. And she does all that tries to do as much as she possibly can to get an actual correct and she does a marvelous job and you know, 99% of the time she's actually right on so if there's a problem it's not with her if it's a problem, it's not with you. If there's a problem let's talk about the email and and you know, people trying to make steps and brackets and put it in our scam folders and all that sort of stuff. So All of that's available to be happen to us. So don't take it personally just don't go there. You're the humanitarian. Don't go there. We don't doing that to you. Nobody gonna be doing that to you. We want you to have the SK AR It's full a lot, a lot and then you'll be doing fine.

D

Dominick 35:23

Wonderful. Okay, Ron few more questions. If you don't mind. I'll bring in Leandra, I will release you. And if you want to come in, just tap your mic. And world changer you'll be next Leandra, I think, could you speak into the mic a little bit, somehow you got a little bit cut off,

S

Speaker 35:40

I just want to ask you something. I don't know, let me just say, let me just first make a comment. I absolutely love the program, it's actually given me the opportunity to structure my thinking process a bit better. And it's actually not making me sleep well, because most of my, my thoughts are now running and seeing how I can enter my world, everybody. And seeing how, and I'm actually sleeping very little, I'm really trying hard. But it's so exciting. And I can see things and suddenly, from thinking very narrow, my my mind is actually expanding, as I can see how much more I can do. And that is why I actually love the CAC. But more than anything, I love the fact that when I listen to you, I always get the idea that you say we we have the freedom to do what we want to do. There is no hard and fast rules. If if the if you are late to do that, you can do that. That's how I understand, you know, all the questions that I listen to you always comes back to that you answer the question, but it comes back to the point that you can do what you want to do. Am I correct with that?

R

Ron Giles 36:53

Yeah, sure, you are the sovereign, this is your stewardship. And you do have a counselor that you can talk things through with, when you get the money, you'll have your counselor available. And that's that's your greatest source.

S

Speaker 37:08

And then John, I just want to ask you the last thing, I don't know whether you'll be able to answer it, I've sort of got an idea who the Lyons is. But could you clarify it a little bit better for me, if that's okay with you?

R

Ron Giles 37:20

It would, it would be fine. I have done on the website, there are a number of articles about the Alliance who the alliance is. And it's best for you to go ahead and read that. And then if you don't quite get it, then reread it a little bit. If you go to the blog portion, and the end you if you go to the blog, and there's a bunch of words up on the top, and one of them is Alliance. If you click on that, it will bring up all of the articles that I have written on the alliance. And so it's important for you to really understand who they are. You have the the Ascended Masters, and Jesus is sent on to Yeshua, it the earth is his responsibility. And he's the head of the Alliance for this earth.

Speaker 38:18

Oh, it's awesome. Thank you so much. Thanks for answering. I'll research a bit more. Thank you so much. Have a wonderful evening. Okay, thank you.

D

Dominick 38:28

Okay, Ron, let's move on world changer. Your mic should be open. Just tap it and come.

S

Speaker 38:36

Hello, everybody. Can I was just prompted to share this gonna be real quick, since there's new people that have joined us, and that's so exciting. We're all on a journey. And I know that we can get distracted when we see other channels, and especially in this community. And so one thing that I did was I just deleted all of them and just focused on love won society, because it was creating confusion and doubt, putting different timelines in my head. And I think that's, you know, a part of what they're trying to do is just rail us. So I just eliminated the opportunity for that to happen. And so if that resonates with you, it's just a recommendation. You were sovereign. And I think a part of this journey is realizing, you know, who we really are. And there's been, there's people that I've followed, and you know, after a while, I'm like, You know what, when you really go into your heart, and you you let your heart guide you, then, you know, they might not resonate with you anymore. But it's my point is that it's all in your heart. And I think that's what we're learning. We're so used to operating in programs and the old way. And so just to encourage everybody I mean, because we're not used to operating from our hearts. I mean, we have hearts, but we're used to that mind energy. So it's just to encourage people, you know, I was just led to share that. And I'm very happy to be a part of this group. So that's it.

R

Ron Giles 40:16

Well, thank you. That's, those are kind words. And I'll have to agree with you. If you're confused in your mind, and then figure out which rail you want to be on and stay on it. And don't let others derail you. So that's it nicely. Put. Thank you very much. Appreciate it.

D

Dominick 40:36

Okay, let's go to Sarah. We've got a couple more here. So Sarah, if you can tap your mic and come in.

S

Speaker 40:42

Hi, Ron. This is the one that was crying last week. And just thank you for your kind words last week. So I started transcribing messages from the archangels in 2012. And I did it for about five years or so. My Messages were read by millions of people. So I made a very big impact. And I attracted I guess I attracted the dark to me because I was targeted heavily. Can you hear me

by the way? I hope? Yes. Okay. I was targeted heavily, and to the point where I got thrown out of my house without even doing anything. And I mean, they nearly killed me. And I'm the one that's sorry to hear that. You're probably remember. I'm the one that's bad witted. I'm not gonna cry though. Okay. Okay. So, my concern is, and I probably shouldn't even be saying this, because, well, they probably know anyway, but you know, and I'm very close to the Archangel Michael, he is my great protector Angel. And if it wasn't for him, I probably would be dead. But my concern is the local cabal here. They hate me. And they're the ones that really got me and I'm just concerned with the CAC, I'm concerned with getting targeted, again, by them, I'm concerned with, you know, them not wanting people to be prosperous, and all that. And, you know, I know the cabal is slowly fading out and that they are going to fade out. But that's one of my biggest concerns. And I guess worries, I am a worrier, which I shouldn't be, but I'm just, I'm worried about that. And, you know, but I'm, I feel so called to this program and into, I just love you and everybody in here, and I have so many big dreams that I want to do, you know, I want to make sure everybody in the world has a home to live in, for example. So that's, I just wanted to ask you what your thoughts were on that? And do you feel that, you know, it's probably going to be okay,

R

Ron Giles 43:11

well, it's not just going to be okay, it's going to survive, we're not only going to survive, we're going to thrive. Now, those people who are trying to stop you from whatever, they are going to be stopped forever, they cannot and will not be a part of our life. Once the RV takes place. Now the RV taking place isn't the thing that's going to happen. The RV will take place because those people have been pulled away from us. And we are now safe and secure in the use in our cells and in the use of our money for what we're trying to accomplish. So the CAC program, when it's time, you will be able to do whatever you need to do regardless of the area, because if the quantum financial system is activated, and every country that wants to be a part of it has not been activated with it, that those countries that are not active with the quantum financial system and just Psara compliant will not be a part of the financial institution called Quantum financial system. And that is the only system that will have money. There will be dark money then people will still get there, whatever. But they are if they have dark money, they are targets for the Alliance and they will not have the opportunities to do what they they will do something they will get arrested. Yeah, there's a sting operation of there are hundreds of sting operations for these kinds of people. The Alliance knows who they are. I mean, they're not going to be in a position to stop you from doing your ca sees where you live, sorry to interrupt, because they won't even be around.

S

Speaker 45:24

The people who targeted me are the wealthiest people of where I live. And it was a combination of them. Plus the dark in the spiritual realm, which I'm not afraid of them at all. Because I have a very strong spiritual connection with Source Creator with the archangels and everybody, but it was these local Cabal, the wealthy, very wealthy, but I mean, I'll have a lot more money than them. And I'll probably just buy them out. Or something. I don't know. But MIT Yeah.

R

Ron Giles 45:58

Yeah, here's, here's something that I would like to also say. That which you focus on is that

which you are creating. If you focus on the negative stuff, and you're recreating the negative stuff in your life, yeah. So just simply say, if I, if I want to observe you, and I see that this is causing me problems, I'm not going to observe you anymore, I'm going to just let you go down the road, wherever you want to go, because I'm not interested in thinking about you anymore. I'm focusing on what's going to happen, I'm going to focus on the CAC, I'm going to focus on the RSS program, and distributing these kinds of funds to the people. This is what I'm going to do. And I'm focusing on that. So that's what's going to happen. And so you just simply, you there's no reason to even think about those people anymore. It hurts, and it's not really easy. But the less you think about them, the more you're going to be coming in into peace and harmony for yourself. Are you the only one that's having those kinds of problems? No. Well, it's usually because we're focusing on things that we don't want, instead of things that we do want is really my

S

Speaker 47:28

landlord, so they have power over me. And I'm still living in their house. So once I'm out of here, I feel like it's going to be a whole new world for me, and I'm not going to worry at all. And I'll feel like I've gotten my power back. Because

R

Ron Giles 47:43

sounds good. Yeah. Thank you. Yeah, we're, we have to work with what we have. And, and focus on the things that we want, and then see how that works out. Okay, thank you. You're certainly welcome. Right here. Yeah, the rest of our day.

D

Dominick 48:02

Ron, thank you, Sarah. Thank you, Sarah, please do not feel you can't reach out in the chats for strength. You've got a lot of positive energy in the chat. So we're always here to help if nothing else, just to give you reassurance. And so, Ron, if you don't, if you don't mind, we'll just move on to the next section. We're going really well. Okay. Okay. So the next section talks about when we go to redemption appointments, the the Alliance agent or the counselor, they know more about us than, than we think they know who we are. In other words, they know that we're in the presence of or they know that we are in the presence of those chosen to bring mankind out of this enslavement and into this Golden Age community or galactic community. These angels want us to have a higher rate, all we need to do is ask. Consider the Alliance agent welcoming you as a member of the alliance team when we first meet. We are the ones they've been waiting for. And finally, they love us beyond measure and know our value to them the Alliance.

R

Ron Giles 49:08

Correct. I like that. And I would like to come in. Is there something I don't call me in theory, the redemption appointment is pivotal. It's a pivotal experience in our life. It will be our commencement as we graduate from one life and move on into a new life with all of the aspects that God wants us to have to be able to accomplish what we're supposed to do. So the

Alliance can't do it. Without us. Everything depends on Golden Age. Everything depends on us being successful in As humanitarians. Now, now, it's going to be hard to understand that you're more powerful than an angel, or Archangel Michael or anybody else, we are the ones that will be getting it done in third dimension, they can't come and do that for us. They won't. It's our calling from God because nobody else is going to be able to do it. Except those who are called from God. If you get an appointment, and you go in there, know that you are one who has been called of God, you'll go in there, and I'm not sure if they will bow to you. But they could. And it would be appropriate because of who you are, we are giving, being given power and authority that has, I believe, has never been given to a group of individuals on this earth before. And because of that, we need to shine our shoes, we need to get our best dress, and suit or wherever we need to prepare ourselves. To look that part and to be that part. That's not artificial, we just need to rise to the occasion. Whistle your happy tune and tell you know who you are. When you do, there's nothing that can stop you. There is so many of us who have problems saying I don't have the experience to do this. I've never been involved in a business and have employees. I've never been doing this and been doing that. I personally have never been giving, putting on videos. I didn't want to do it. That Tracy said just do it. So I did. And I wasn't very good at it in the beginning, but I'm getting better. But the point that I'm trying to say is when you're working for God, you get the better way of dealing with things. Because you have that behind you. When I speak here now, the alliance is helping me to know what to say. Do I feel it? Yes. Do I know it's true? Yes. Because I'm not always this way. But when I'm talking to those special few, few 100 or 1000s, wherever we are. When I'm spot talking to these people, then I have the spirit with me to help them. And the things that I say I'm hoping will be able to be received by you. Because it's coming from God through me to you. That doesn't make me special because you're going to be doing the same sorts of things. And the Spirit of God is going to be moving upon you. If you have questions you will get answered from that special person. So those are the things that are waiting for. So if you understand who you are in relationship to other people, it doesn't make us better. We don't need to get puffy up all that sort of stuff. No. But we do need to rise to the occasion put on our full mantle of God and perform accordingly. For his work and for His glory for his expansion into the universes and galaxies at least as the whole world has we start and who knows where we're getting into. So we are the only ones. God God's been waiting for us to heed the call. If it manifests in your heart, if it resonates in your heart and you're the one it doesn't matter how many of us there are. You're the one and that's all that's important. You're the one shown, okay. They know who we are. Yes, the Alliance person An agent from the alliance will know who we are, they have already been assigned. If you're out of time, which they are, it's not that their time is up. They don't function in time. It's all the same to them. It's all the divine now. So if there's anything about you, they have tapped into all of that and know, not only your life and what you've been doing, they know what you were before. They know how many lives you've had, they tap into all of that, because that's available to them to tap into. That there's nothing that they don't know about you, that's important, because they want to be the best that they can be for you. And to know who you are, and to know your thoughts. You're going to go and ask them questions. So let's say what do you think about it? Then they know what's in your heart. They know what's in your mind? And what do you think about it? So you start talking? And they say, I like your thoughts. But that's your answer. That's your confirmation that what you're thinking about is true. If not, then there'll be another way to help you to go along and do something a little bit differently. Okay, let's talk about rates, the rates for the redemption of your Zim either bonds, SK ours, or receipts that you got from bonds that have not arrived yet in the mail. Okay, all of those you take in there with you. And they are the that is the thing that you have to prepare in advance for what rate Do you want? Now we're suggesting 500,000, this is going to be a lot for those who are are new. We are, but I'm talking to a lot of people who are around have been around the block a number of times. And so 500,000 to them, and to most of us, is a

beginning point in our journey. Our minds are getting to the point where Okay, I'm going to ask for the 500,000. And then the hardest thing well said, and they give a little bit more information that in your mindset will maybe I don't have enough. So I think I'll ask for a million. And your heart jumps up and down and not really, your heart gets really excited about the fact that you are getting closer to what your rate should be for the things that you have to do. And then another week or so later, your mind has been accepting the one letter and you've been thinking about that. And your heart will go again and say, hmm, maybe there's more than I need. Because, look, I'm getting all these SKRs'. And there's a reason for me to get those SKR's and establish a savings account to put it in. It's not going to go through the structured payout and get paid on a quarterly basis has to sit there and that account over there. It's not but it doesn't matter. If the Alliance wants it, then fine. Or if the Alliance wants me to give them that money, or some of it, they'll come in, they'll say would you be interested in getting together with a few other people and create the manufacturing of anti gravity machines? Or metal replicators or any other kind of technology? And you get to say, Yeah, I've got plenty in there because I listened to my heart. And I was only going to get to 2 million but now I'm up to five and I think that that's going to be sufficient for my needs. And so those are the thought processes now, if I'm wrong tell me but if I'm right, just let it be your secret or whatever you want to know. Because I'm finding that people I talked to 500,000 is just way way too small of a rate and then I get the SKR's and still I can buy your Lillian's the yoga heal your Lillian's are the grandfather of all the bonds of the Zimbabwe Reserve Bank of Zimbabwe is produced. Do you think that they're just being it doesn't matter if they're gold or silver or whatever? And made in China? The Elias has told us this is just another way for us to get the higher rates, or the higher amounts out of the bond. So we can we get the higher bonds, we use the same rate. And maybe it's gone up another million, who knows. But when the time comes, and we've purchased some extra bonds, and we now have a huge amount, and we get a very high, maybe it's 10 million now. That's per bond, that's per not per bond, per Zim bond, per sim, per dollar. Now, our minds won't go there, because we have nothing to relate it to. We don't deal with these kinds of money. So our minds are going there. This is ridiculous. You know, these people are never going to get us there never. But if you go to that, then you're in your mind. But if you go to say, you know, the more zeroes I have in my account, the more opportunities I will have to serve. There sure heart for you. The reason I know this to be true is because I've gone through it. When I first started these high bonds, I kind of felt like I was thinking only the money and I was encouraged to get familiar with it, to get familiar with the high bonds. To understand how many zeros there are in those things. I was told to do that. Do I know about them? I certainly do. Not all of them. I can't tell you which one has so many zeros. But I have a lot of like tell you what zeros Aryan. What the hemmens zeros are are like the million there's 3 million zeros behind the three that's in the millions, the millennia and millennia is 3 million z it has 3 million zeros. Okay, so I'm so I know what I'm doing big deal. The point that I'm trying to say is I've become familiar with it because I was told to number one and number two, my knowledge of that now is why I can take these bonds up here in my shelf and use them they're Yoda Lillian's I can use and divide millions or millions into yodallillion and that's how many I can give out. How's that? So there was a recent for me to do that. Am I greedy? I don't think so.
