The waiver will be used as a roster. In the **Recreational and Intermediate** leagues, floating subs are also allowed, but only if a team is short of having a legal lineup and must be approved by the opposing team's captain before play begins.

In the **Competitive League**, subs may be on multiple rosters, but can **NOT** sub or play for 2 different teams on the *same night*. In other words, once you play that night for one team, you cannot play for another in the competitive division for the remainder of the night.

Waivers

[Must be signed before any play](#)- both league and tournament- copies will be provided to captains
