Recessional

Her beautiful journey has just begun,
Life holds so many facets and this earth is only one.
She is now at peace from this world's sorrows and tears,
She's with familiar faces she's longed to see for years.
It's the place of promise to those who believe,
And with the love of Christ, she's been received.
She's now joined the cloud of witnesses, who are cheering us on,
And is loving her new life in her new home.
She lived a great life and waited patiently,
To see the King of Glory and life eternally.
It's not over! True life has just begun,
She's forever walking on streets of gold, while walking with the Son.
