

MEDICATIONS APPROVED TO BE TAKEN DURING PREGNANCY

These medications have been approved by Dr Stack for use during pregnancy. However, it is advisable to avoid medications in the first trimester of pregnancy if possible. Before taking ANY medications that are not listed below you will need to call and speak with someone at the office. You will need to do this during all trimesters of your pregnancy. Please contact our office at (901)756-5565 if you have questions regarding any medications you are taking or considering to take during your pregnancy.
