Security Officer Unarmed D License State of Florida Department of Agriculture Division of Licensing course consists of 40 hours of course work and 2 hours for your 170 questions exam. **This course is proctored, and the student must be present in class on the platform utilized with a live feed showing yourself during the entire class.**

The State of Florida requires that you answer random questions during the course to verify that you are present during the class sessions. If you do not answer the randomized questions the system will mark you absent from class, and you would have to re-take the class at another class session. The school may extend to you a courtesy reduced enrollment fee; however, the school is not obligated to extend any discounts if it deems that the student had not completed the course with a valid reason. Such a reason is solely unto the instructor's discretion. A valid excuse is an example such as a death in the immediate family has occurred and upon providing a valid death certificate, consideration will be taken. In other words, there are very limited excuses that will be considered for absenteeism. If this is the case, you must complete the course by the next class session.

This course includes an exam review and exam. Upon successful completion of the course students may apply to the Division of Licensing for their D License.

This class is an online 4-day class. See Home page for schedule. Students must be in front of the device during the class with

audio/visual connection. This class is offered as if you were in the live classroom.

Note: Students must be highly dedicated and responsible for the instruction of this class. This course requires the successful passing of a 170 questions exam with 75%.
