AVEBE STARCH ETHERS

Helping you make
 better dry mortars.

STARCH ETHERS FOR DRY MORTARS

Take the **LEAD** with AVEBE's state of the art, performance enhancing *potato starch ethers* for cement and gypsum dry mortars. Explore how our products can lift your dry mortars to the **next level** in performance and cost efficiency.

Sustainable & Responsible Innovation

seed potato for starch ethers

OPAGEL®

SOLVITOSE®

CASUCOL®

ADDILOSE®

SKIM COAT

TILE ADHESIVE

RENDER

PUTTY

JOINT FILLER

SPRAY MORTARS

Applications : Cement

- Skim Coat & Putty
- Tile Adhesive
- Manual Renders
- Spray Renders
- Repair Mortar
- Self Levelling Mortar

Benefits : Cement

- Workability
- Anti slip / Anti-Sag
- Thickening
- Open time
- Adjustment time
- Reduce chalking
- Cost reduction
- Bounce back reduction

Applications : Gypsum

- Manual Plaster
- Finishing plaster
- Spray plaster
- Joint filler
- EIFS
- Spot Glue

Benefits : Gypsum

- Anti-sag
- Thickening
- Workability
- Working time
- Smoothness
- Surface hardness
- Reduce chalking
- Time saving

* Benefits are also dependent on quality of ingredients, formulation and optimisation of blend.

A big thank you to all our well wishers, readers, authors & advertisers. You have trusted us and encouraged us to keep the journey going in good and tough times.

Easy : Was it ???

Nothing is difficult. It is all in our mind. We have the ability to make easy things difficult. When you enter the gym, lifting 1 kg would be a challenge. One year down the line and you will be bench pressing 50 kgs. I was very skeptical if Drycotec Diaries would last more than a few months. It just kept happening and started self-developing. All difficult things are only difficult till they are born, once you jump in the water, swimming becomes easy. Yes, trust me, nothing is difficult.

Self-Employed : Do I want to ???

"I want to start my own business" says a very famous and top level executive. "why" is my response. The answer is because this job sucks, and I will not get any such job elsewhere. If you happen to be in this category, please do not take that big decision. You will surely fail and go back to job search. I have seen multiple cases. Self-employment & Entrepreneurship is a passion. If you don't have it, please stick to that draining job & keep tolerating that horrible boss. It will still be a better life.

Failures : Are they an embarrassment ???

Out of the 10 things I do, 9 are total failures. Seven years in self-employment has made me an expert of failures. I am really good at it. Even as I write this article, thoughts come to my head about the mistakes that I made in my last contract. Failure is my friend; it makes me more resilient. It is success that easily enters my head and makes me do silly things. Whys it keeps happening is a question & is still a mystery. If you have an answer, please let me know.

Happiness : Superficial or real ???

What makes you happy ?, is such a difficult question. Seems very easy, but actually the answer lies very very deep. Superficial happiness is what we do for others. We buy an expensive car or mobile phone or watch, for others, not for self. We all live in the world surrounded by those who we think judge us. Our car, house, phone etc are like exam marks. We keep them as a marksheet to show it to others. What really makes us happy is a question that needs extensive thinking. If you get it & implement it, life will move in full speed, days will become seconds and years will roll by like minutes.

Readers of Drycotec Diaries, please understand that these are my thoughts. Could be madness. Just chill & wishing you all a great year ahead !!!

ABOUT NEPTUNE

NEPTUNE is fastest growing group of industries having diversified Business segment for Project Engineering , Innovative Building Materials, Start-up Technology for Valuable waste & recycling and Infrastructure & Industries.

NEPTUNE is Pioneer engineering company providing equipment Turn-key Project & Project Engineering Services for Ceramics, Construction, Power, Steel & Recycling Industries.

NEPTUNE Offers complete Plant, Equipment, Special Purpose Machine(SPM) Development for various ceramic industry segments like Sanitary Wares, Electro Porcelain Insulators, Refractory, Table wares, Technical ceramics, Tiles & Heavy clay.

NEPTUNE offers Turn-key Projects for Building material & construction industry segments like fly ash bricks, concrete blocks, pavers, tiles & Aerated autoclave blocks (AAC Blocks / Panels), Light Weight Aggregate (LWA / LDA), Thin Bed Mortar/Binder/Adhesive/Grouts, Green Sand/MSand/Artificial Sand.

Neptune's NC-Intensive Mixers (Counter Current) are state of the art and most advanced Mixing Technology used in Dry Mix Mortar & Wall Putty Production

Neptune NC-Intensive Mixers are Counter Current Technology. Agitator and Pan both rotating in Counter direction helps in rapid, homogeneous and consistence mixing and it helps in minimizing quantity of additives used in formulation.

Neptune has in house Design, Manufacturing, Quality Testing Facilities and Buyer can witness live trail run test (ITR) ensuring performance of mixer before dispatch

Neptune Started Manufacturing NC-Intensive Mixer in 2014 and 50+ NC-Intensive Mixers running Successfully worldwide specially in India, USA, Mexico & Middle East Countries etc.

Mr. Sanjay Nikam
Director - Sales & Marketing

Mr. Soham Panchal
Director - Operations

ABOUT NEPTUNE PROTECH

Neptune Protech LLP. is a Sister Concern Company of Neptune industries
Neptune Protech LLP, Provides " ONE STOP SOLUTION " for Dry Mix Technology for Products like dry mix mortar, Grouts, Thin Bad Mortar, Tile Adhesive, Wall Putty, Black Box, etc.

Mr. Sanjay Nikam & Mr. Soham Panchal are Two Directors of Neptune Protech LLP.

5 YEARS & 5 STAR RATINGS

BATON CONSULTANTS REVIEW

This article is created to salute my **5 Star Rating Leaders of the industry**. I have made an attempt to say a few words about each leader and express gratitude in form of pen and paper.

Not sure if this is the acceptable way of the industry. Hey, but I have always been doing different things. I am different. Have a look in the list below, I am sure you will appreciate.

A LIST OF DRYMORTAR RELATED PEOPLE, ACCORDING TO ME, DESERVE A 5 STAR RATING

Just to inform you that we are not mentioning designations or company names because they are not important according to myself. I relate with people, individuals, they are important to me, companies move on, designations differ, but human beings are irreplaceable. My relationship is personality based.

Statutory Warning : This article contains views and perceptions about individual personalities (Only from the Dry Mortar or related Industry) that have been drafted with experience and interaction. In case your name appears in the list and you have an objection, please feel free to take appropriate action against me. I shall accept it.

IN CASE I HAVE MISSED YOUR NAME, PLEASE CONTACT ME

IMPORTANT : If you are not directly involved in the Dry Mortar Industry your name will not appear in the list. If you are related to the Dry Mortar Industry and I have missed your name, please write to me, shall take your interview in the coming issues.

MY 5 STAR LIST

ARJUNAN P DR.

“ Humble, precise, friendly, and always hungry to explore. He will never accept what is not perfect. An ever-smiling technocrat. ”

ARORA NARESH

“ The reason behind success of Drycotec. Most popular personality of the industry. On the phone 24x7. Nareshji, infinite is your contribution, just keep rocking. ”

AGARWAL SANDEEP

“ Making his mark in the industry full of global giants. Hardworking, persuasive, diligent and does not take no for an answer. This leader is determined to do it. ”

ASWANI NAVIN

“ A tactful leader, delegates, multiplies, grows with leaps and bounds. Working with him is an opportunity. ”

BAHADUR SANJAY

“ Perfectionist, all the time & always, fast in decisions, does not waste a second. Diligent Leadership & a Stalwart of the brand. ”

BANSAL SAURABH

“ Dynamic, positive and explorer leadership. Has been tenacious to the product and is always ahead of time. ”

BASANTANI TRILOK

“ Very few ships can battle all storms and emerge stronger, this leader is one such battle ship. Strong growth & efficient business processes : his top skills. ”

BENDALE CHETAN

“ A Game Changer. A Maestro who can make the plaster dance to his tunes. A technical expert & role model of masonry. ”

BHANUSHALI MAHESH

“ When the world was down in pandemic, this leader made his company rise, the stars are achievable, you just need the belief. He can do it. ”

BHATTACHARYA KANJANABHA

“ Open minded, very humble, connects with others, a young leader with big aspirations. An efficient Sarathi of a very big chariot. ”

Your Trusted Partner in Engineering Solutions

■ Plaster Sand Production Plant

- RMX India + NPO Belarus make innovative plaster sand making plant
- Capacity from 30 tph to 100 tph for 2.36 mm dust free plaster sand production
- Feed size 0 to 20 mm
- Suitable for all types of rocks
- High throughput to output ratio results in Less conversion cost making it highly viable solution
- Inbuilt Air classification system (No sand washing required)
- Equipped with highly efficient multideck screen.
- Fully automatic with plc control

■ NPO Make Centrifugal impact crusher specially designed for plaster sand production.

- Produces cubical shape premium quality sand
- Dust generation is minimum and equipped with inbuilt dust suction system
- Less maintenance and wear cost
- Self-balanced rotor enables high speed crushing and can well work in uneven wear condition
- Rotor Balancing not required after wear part replacement
- No heavy foundations required

• Dry Mix Mortar Plant • Wall Putty Plant • Thermoplastic Road Marking Paint Plant • Chemical Plant

CHARLES AJ

“ Gem of a Person. A blessed soul. What he touches will turn into gold. I salute your work sir. Come back soon, the industry needs you. ”

CHAUDHURY SWAPNADEEP

“ Un-shakeable, sincere & a sensitive technocrat. Good in Business Development Skills. A "Nice-Guy" Leader that you will always want to work for. ”

DD PUROHIT

“ The father of wall putty & other products. His name has been carved on the putty wall & shall always remain, never retire. ”

PALTA AMARBIR

“ Though I have never met, still impressed by his leadership. He is extensively visible in a few markets that I was doing my carpet survey. ”

DR. D SATYANARAYANA

“ The most lovable personality with brilliant skills. The ambassador of research. Creator of products, ideas & concepts. ”

DAVE RUTVIK

“ Precise, to the point, quick and agile,
A leader who will do it big in the industry, potential
available in abundance. ”

DESAI NEELESH

“ Pragmatic, simple and thinks loudly.
Openly expresses this thought on social media.
Very high on CRM skills. ”

DESHMUKH PRAVIN

“ The oldest wine carries the richest flavour, is very rare,
& the most sought after. This leader is more than it. No words
to describe his potential and knowledge. ”

DHALI SANDEEP

“ Columns make structures. Structures make the
brand. This leader is the robustness that is required
in the columns. ”

DHURI SUHAS

“ The Supreme Leader of concrete technology.
Cement & Aggregates behave in his presence. This magician
can conjure strength, durability and performance,
with a minimum effort and extras. ”

Fully Automatic

VALVE TYPE BAG PACKING SOLUTION

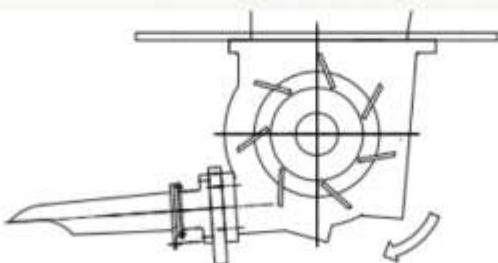

- Specialist in Powdered Materials
- Weight Range 20 kg to 60 kg

Key Features

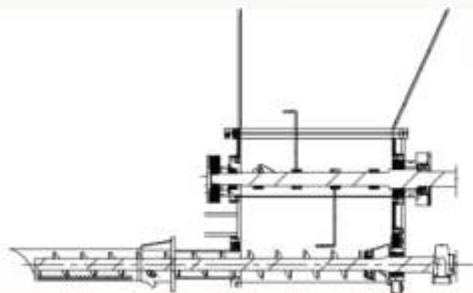

- Ultrasonic Valve Sealing
- De-dusting Arrangement
- Fully Automatic Bag Placer

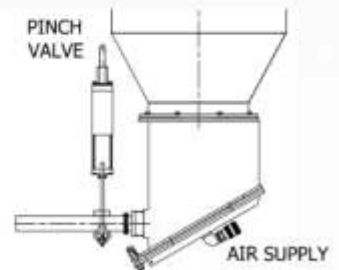

Diverse Range of Models

Impeller Packer

Screw Packer

Air Packer

DOKANIA MANOJ

“ Ever smiling leader, open minded and always ready to discuss, believes in the concept & power of forgiving, has a big heart. ”

GOPALADESIKAN ANAND

“ Robust Leadership, A feedback giver, likes a discussion, ability to reach a logical conclusion. Being there done that category. Rich in experience and knowledge. ”

GOPALAN ADITYA

“ Always on the move, a Leader who will go a long way and establish results across the globe. Truly open minded and honest to the core. ”

GOYAL MANISH

“ Alexander conquered Mediterranean, Egypt, & parts of Asia in a short period. This leader will do it faster. A friend, good human & a great businessman. ”

GUNDIGARA CHIRAG

“ A thought leader. Analytical, a careful & cautious decision maker. Highly focused and building the brand in India. ”

GUPTA ASHOK

“ The Guru of branding. A humble leader.
The maharaja of POP. King of north & also the king of hearts.
Meeting this emperor is always a delight. ”

GUPTA UPENDRA

“ Constructor, Developer, Builder, excellent business
development skills and great CRM power. A pleasing personality
leader. Eager to work with you again sir. ”

HADKAR NIMISH

“ A Brand Developer. From Zero to becoming No.1,
this leader has done it. Face of the industry, well known for
his helpful approach. My Friend and Coach. ”

HEGDE SB DR.

“ A professor of the globe, A Doctor of Cement,
An Engineer of process plants. 3-in-1 Leader. Also a winner
of multiple awards. My teacher and guide. ”

HUSSAIN MUBIN

“ A hero, a star, a fabulous leader,
his charisma and magnetic personality drives
the team. ”

SUPPORT SYSTEM

**HAVER & BOECKER INDIA OFFERS O&M SUPPORT,
WHICH SUITS CUSTOMER'S EXPECTATION**

HAVER & BOECKER INDIA

Haver & Boecker offers customized operation and maintenance models to meet your unique needs. Our premium, advanced, and lite models provide tailored solutions that cover everything from plant operation to maintenance, spares, and consumables. From full-time support to expert assistance, our team is here to maximize & fulfil our customer's expectation.

For more information Contact : c.gundigara@haveribauindia.com

JADHAV ABHIJIT

“ Veni, vidi, vici. He came, he saw, he conquered. Making his product run in a traffic jam of competitors is not easy. But this leader can do it. ”

JAIN MEHUL

“ A Marathon Runner & a strong business acumen. Fitter than the fittest, always breaking records and crossing new barriers. ”

JAIN TRIPTI DR.

“ A Leader, a mother, a religious person & an innovator. Manages change, ventures into the unknown, the Indira Nooyi of our industry. ”

JAIN SURBHI

“ Hardworking, wise, pragmatic, and keen to make formulations. She talks to polymers, and they agree to what she says. Appreciate your support and keen to work with you always. ”

JAMDADE AJAY

“ The Vishwakarma Avatar. Reborn to create. He makes engineering. A leader, a multi-tasker, a micro-processor of powders and beyond. ”

JANARANJAN DK

“ Tough guy, has been through a lot. A fighter, a winner, an expeditor, DKJ you have it all. A well versed leader & our well-wisher. ”

JANGID SATISH KUMAR

“ Rise of the Phoenix, has honestly, a great product & commitment to service, Superman in reality. Ready to break the shackles of in-efficiency, in-accuracy, and non-stability. ”

JOSHI RAJESH

“ Faster than the fastest, this leader can pull results out of his hat. The Mover and shaker of business as well as resources. Just love to work for him. ”

KAMESHWARI ABHAYA

“ An eye for details, thinks for the org, knows what questions to ask, she is empowered, she is sharp, she is a leader. ”

KANERIA MANOJ

“ An Engineer of Engineers & leader of leaders, Mr. Do-It-Right, His leadership has changed the way Mumbai plasters their walls. ”

“ A Mover & Shaker, very mature, very stable, young Leader & a great athlete. He develops plants & process from thin air. ”

MAHESHWARI B. L. DR.

“ A young energetic leader, who has the charisma of motivating. A mentor to many & path finder of the industry. An explosion of knowledge, qualifications & experience. ”

MANDHANIA SANJAY

“ Focused businessman, workaholic, always ready to venture out. Harry Potter of the Ash world, a magician who can do wonders. ”

MASSODKAR HEMANT

“ Down to earth leader, thinker, designer and solution giver. Shall never compromise on quality, even if it leads to a defeat. But this leader always wins, either an order or the hearts. ”

MATHUR RP

“ Deep rooted, well balanced, calm and ever smiling. A pleasing personality and a generous leader. Shower your blessings on us please. ”

MEHROTRA NISCHAL

“ When the going gets tough, Mr. Mehrotra gets going. A leader, great team player and a rock solid motivator. ”

MEHROTRA RATNAM

“ Wise & creative. An enigma who the industry cannot see, but his actions speak through business growth & the boost in brand equity. ”

MEHTA ASHOK

“ Legend and a super star. The Amitabh Bachan of our industry. A role model, teacher and mentor. No words available to describe this personality. ”

My Sand Diaries : Premium Plaster Sand Manufacturing Technology

Amol Sinha, General Manager – Product, from Terex India Private Limited writes about the process of making Premium Plaster Sand from Terex which enables convert 700 mm boulders to plaster sand pertaining to IS 1542 and with zero deleterious materials at an optimal cost.

MAKING OF PREMIUM PLASTER SAND

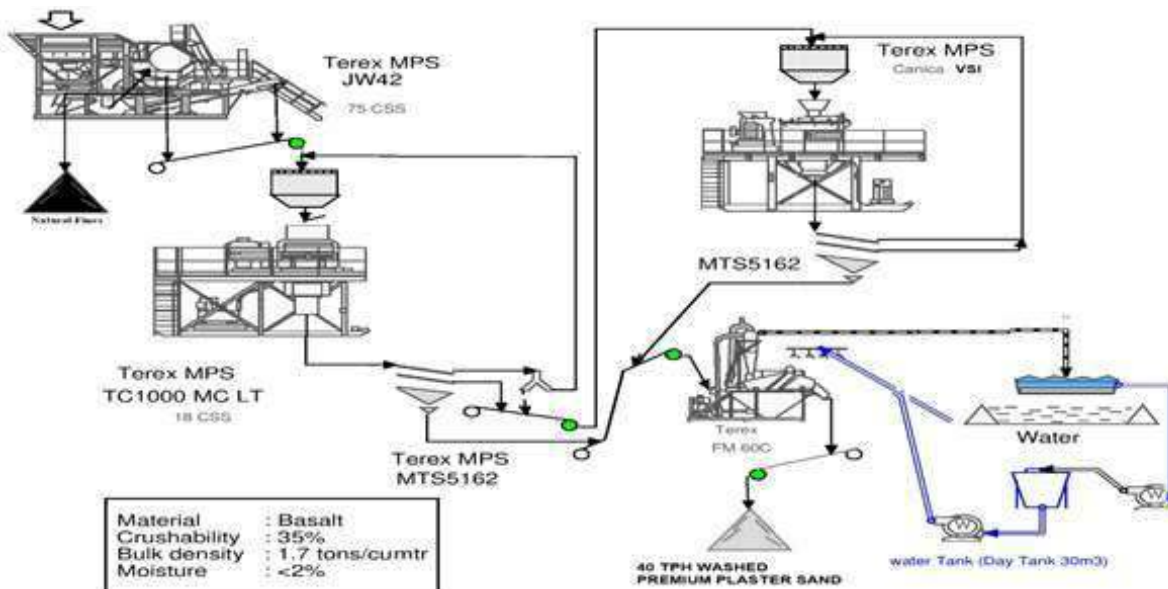

STEP ONE : RAW MATERIAL & RESOURCES REQUIRED.

The quarry produces 650-700 mm top size of boulders in a normal blasting pattern. This is the raw material required for our plant. Power requirement of the plant is minimal as it uses low friction drive systems and high reduction ratio. Water will be an important resource & it will be certainly needed to clean the sand and make it free from slit, clay and other deleterious materials. Water can be recycled easily upto 95% using Thickeners. Everyday Terex plant can produce over 400 Metric Tons of Premium plaster sand.

STEP TWO : PRIMARY STAGE CRUSHING

The Terex Skid Frame Mounted Jaw Crusher JW42 can easily accept 650-700 mm boulders and convert them to a -120 to 130 mm size product using a 110 KW motor. This machine will also split the large amount of mud and clay which comes with the run of mines and is harmful for the plaster sand.

MEHTA KAUSHAL

“ Effective Listener, Out of the box thinker & logical decision maker. This leader made it to the top. He is ruling and this is just the beginning. ”

MISHRA NIRANJAN

“ A mesmerizing leader, great orator, open minded person. Responsive, focused and driver of business. Pleasure to be associated with him. ”

MOVALIA BHAGWANBHAI

“ A leader without boundaries. Creator of opportunities. Father of ideas. A compassionate personality & a true leader. ”

MUJUMDAR UPENDRA

“ Been there done that, Upendra knows it, understands it and leads from front. A potential untapped. A Leader with a mission. He will crack it. ”

MUNDADA HARSHAD

“ Bringing transformational change in building materials. This leader is a pujari of perfection. 99.99% are just passing marks in his exam. ”

NADAL HUSSAIN

“ An explorer, an analyst and a cautious decision maker. He will travel to the end of the world for ensuring success. His team = Great-place-to-work. ”

NAIDU SANTOSH

“ Leader with creativity, he can identify a problem and solve it with sheer ideation. Brilliant negotiator and an excellent vendor developer. ”

NAYAK TRUPTI

“ A battle is not on the field. She creates the strategies. Puts in hard work, resources & passion. This leader will break many more records. ”

NIKAM SANJAY

“ The Virat Kohli. Breaking new records and taking the team towards victory over the world. This leader has won as an entrepreneur as well as an employee. ”

NG SRINIDHI

“ Made from Cement, made for the industry, made to deliver, a leader of concrete and related products. Technical, commercial & yet supernatural. Hats Off to you sir. ”

Drymix Mortar Plant DMM 5/10/15/20/25/30 TPH

A dry mortar plant basically consists of a drying systems, loading system, conveying & weighing system, highly accurate weighing system to mix sand, cement and additives in required proportion where it finally gets the exact composition of the required mortar. Once it is prepared, dry mortar is available for bagging & ready to be transported to market. Apollo manufactures 5 TPH, 10 TPH, 15 TPH, 20 TPH, 25 TPH, & 30 TPH capacity plants.

Standard Supply

- Single bin Feeding Hopper 3 CM with conveyor
- Screen
- Bucket Elevator
- Storage Silo for Sand with Accessories-1 No.
- Screw Conveyor for sand
- Storage Silo for Cement with Accessories-1 No.
- Screw Conveyor for cement
- Weigh Hopper for Sand
- Weigh Hopper for Cement/Flyash
- Plough Shear Mixer with Structure
- Control Panel PLC, SCADA, Computer and printer with Cabin

On Request

- Dryer with dust extracting system – According to Plant capacity
- Storage Silo for Flyash with Accessories– 1Nos.
- Screw Conveyor for Flyash
- Stationary Bag Packer Machine
- Storage Hopper for dry mixed Mortar
- Chopper in Plough shear Mixer
- Pneumatic Sampling unit in Plough shear Mixer
- Lobe compressor
- Gyro Screen

KADAM JAGDISH

“ Incarnation of Chatrapati Shivaji Maharaj. Breaking the world record is the first step. Outstanding leadership & a plethora of passion. ”

PANGARKAR NEENA

“ The hand that rocks the cradle rules the world. The CFO has a similar role. She will do it and take her organisation to the next level. ”

PAPRIWAL GOURANG

“ Bundle of energy. Will explore and soon win the world. A diamond in the rough. This leader is on his way. ”

PAPRIWAL SANJAY

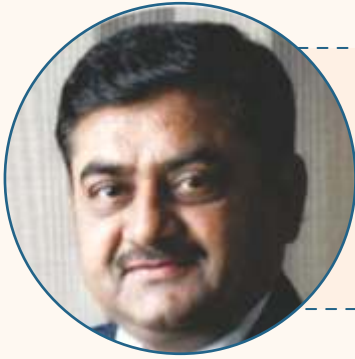

“ Born Leader. Born Businessman. Positive aura & an intense personality. Believes in a disciplined work culture and a “never say no” attitude. ”

PASARI SANDESH

“ Transparent, fair, honest, a guide, an advisor. He means business. A creative leader who will do very well in the industry. ”

PATEL RAMESH

“ Creator of concepts. Master of equipment. Maker of brand. Makes a solid team with Bhautik & Gautam, just like the unbeatable Indian cricket team, they will win hands down. ”

PATEL SUMIT

“ Talented, young, energetic leader, wants to make it big, works very hard and will carve his name in the history of building materials. ”

PAULSON KAKKASSERRY

“ Will go one step ahead and support. A thought leader, mentor & a technical solution creator. Big heart and a bigger reputation. ”

PILLAI PRITI DR.

“ She can make complex things look very simple. A teacher, a trainer & leader of technology. A friend, advisor and ever-smiling, charming person. ”

PODAAR SUNJOY

“ Best of them all - Techno-Commercial-Brand-Leadership. Delivering mesmerizing performance, brand leader & always ready to explore new things. ”
