****Please note that because the majority of our events occur from July through October (with some exceptions), we strive to obtain all sponsors before July 1. Our sponsorship advertising runs from July 1 of the current year through June 30 of the following year, giving all our sponsors as much advertising time as possible. All sponsors are listed on social media and website as soon as they are secured. Sponsors are not listed on our showbills due to the frequency of updates they require.*** All sponsors regardless of level will share ad space on the large general banner.*
