

SOUTHWEST WASHINGTON WOODTURNERS

NEWSLETTER – *October 2018*

Visit our website at <http://www.southwestwashingtonwoodturners.com/>

Regular meetings are held on the fourth Wednesday of the month.

OCTOBER MEETING – 7:00 p.m. Wednesday, October 24, 2018 at Friends of the Carpenter, 1600 W. 20th St, Vancouver, WA.

Presenter: Jerry Bahr – Colored Rim Process

October 2018 President's Message

Another month and another meeting coming up on Wed. Oct. 24th, and a busy month it has been, with Brian and gang cutting and processing some maple for the club, and I was able to find some black walnut blanks that we will have available for the raffle. These are nice pieces of wood, so get your raffle tickets and pick out a great piece.

Tim Small may even have a few pieces that he is willing to sell and you should contact him at the meeting for more information as he has a lot of it and is willing to sell large or small chunks of various wood for only \$1.00, but I'll let Tim tell you about that at the meeting as I am not sure of the details and know that he has limited parking at his home, but may bring some with him to the meeting, so be sure to come as our demonstrator is Jerry Bahr this month and he will be showing how he does his coloring process on his turnings. Dan Tilden was the scheduled turner but had to be rescheduled due to a conflict. He has been tentatively scheduled for June, 2019 and if things work out, may be able to do a three day visit, including an all day demonstration and all day workshop, But this isn't arranged as of yet since this kind of activity will depend on the future of our clubs growth, including getting a larger space to hold meetings, workshops and our proposed mentoring program for which we now have 8 lathes available and have been able to acquire a few accessories for the lathes.

I have received a letter of appreciation from Kathy Iberle thanking us for the donations, which were significant this year and I also want to thank everyone for there efforts and helping with this

fund-raising project. It is going to be a great way to thank the Friends of the Carpenter for their allowing us to use their space and may be a way to offset expenses if we are able to get the room that is currently occupied by Share, however, this is still in the negotiation stage and I don't know more at this time.

As many of you know, we have discussed the possibly of increasing dues in the coming year. This is going to be most necessary if we are to be able to obtain the larger space for our meetings and workshops. Also, it has been proposed to change our meeting dates to Thursday evenings as this will allow a demonstrator to provide an all-day demo on Fridays and Saturday workshops as well as helping Rick Rich set up and teach the bowl turning class which is also proposed for the coming year.

2019 looks to be a promising year for our club including the elections of officers which will be held in November. Volunteers for all positions are always welcome and nominations will be held this Wed.

Please consider running for one of the positions, including President, Vice-President, Secretary, Treasurer, Library, Safety Officer, Newsletter Editor and Store Keeper.

Don't spent the afternoon in the emergency room getting your eye checked like I did this week.
WEAR YOUR SAFETY GEAR.

See you Wed.

Dan Baker, President

September Demo: Tom Smith - Stabilization

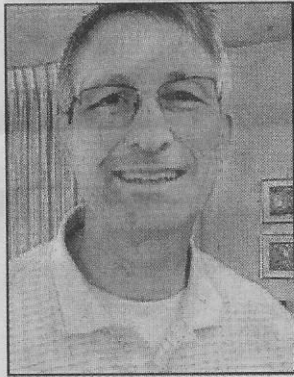

September Show & Tell - Member Projects

MEMORIAL

NORMAN FORD FRIEHAUF
April 5, 1950 ~ August 14, 2018

Norman Ford Frieauf was born in Yakima, Washington to parents Wilbert Dudley and Mary Ellen (Ford) Frieauf on April 5, 1950. Norman was the second born of four children. He was brother to Greg, Nancy and Brad. He was raised in Yakima and graduated from Eisenhower High School.

Following high school, Norm attended college for one year at Washington State University. After that, he studied for three years at the University of Washington where he received his Bachelor's degree. After his time at UW, Norm continued his educational path and received a Master's degree from Portland State University.

Norm had a passion for mathematics and following his education, he went on to a long career as an educator. He taught first at Roosevelt High School in North Portland, OR, for 3 years, 2 years at Mountain View High School in Vancouver, WA, and 31 years at Evergreen High School in Vancouver, WA. In addition to his service as a math teacher, Norm served as a wrestling coach for 36 years. He developed a wrestling scoring program that was used in many high schools throughout the United States and for Washington's State Wrestling tournaments for many years. In October 2012 the Washington State Wrestling Coaches Association presented Norm with the Dr. William Tomaras Award for exceptional leadership in the development and promotion of wrestling in Washington State. Following retirement, Norm continued as a substitute teacher.

Norm met Tamara Malsey at a night class at Multnomah Bible College in March of 1975. The two exchanged wedding vows later that same year on December 27, 1975 at Willamette Church of Christ in West Linn, OR. The ceremony was officiated by Tamara's brother, Terry. Norm and Tammy were blessed with a daughter, Rachel Ann. Norm and Tammy have been members of Glenwood Community Church of Vancouver, WA for 37 years.

In addition to his love for teaching and coaching wrestling, Norm enjoyed wood working and woodturning. He won blue ribbons for his works entered in competitions at the Clark County Fair. Norm also made many items to auction in support of The Friends of the Carpenter.
