Chapter 1

In a house far far away... there was a boy named Hadoop Martonius. Hadoop was munching his breakfast which was a multicoloured cube. Suddenly Hadoop heard a banging noise, so he went outside to find his evil brother, Tradoop, bashing the house! This was a disaster! Hadoop ran towards him, yelling “Stop! What are you doing!?” Rudely, Tradoop replied “what does it look like I’m doing? I’m bashing your house, silly!” Just as Hadoop was about to stop him, Tradoop flew away in his pod looking for more evil things to do.

Chapter 2

Hadoop was confused and annoyed. What was he to do? As he watched his evil brother fly off in the light blue sky, an idea struck him. He could buy a pod of his own and chase after him! He quickly ordered a top quality pod from WE SELL PODS! © As he flew after Tradoop, he saw him flying in to a floating building which was all blue blending with the sky. That must have been Tradoop's base.

Chapter 3

Just as Hadoop was flying into Tradoop's base, the house started flying away! He rapidly turned on boost mode on his pod, and blasted into Tradoop's base. Suddenly, his pod started shaking violently! He hopped out just in time. The pod exploded! WE SELL PODS! © must have sold him a dud pod! In Tradoop's secret base, it was dank, dark, and creepy. There were dark green and blue walls and loads of rooms. Hadoop tried entering a room but it wouldn't open without a password! Looking around, Hadoop realised that almost everything needed a password!

Chapter 4

He looked at the entry and saw that it was no longer open. It had closed and he didn't know how to open it! Just as Hadoop was going to explore more of the base he heard footsteps. He frantically looked for a place to hide, but found none! Tradoop stepped into the room and froze. "What are you doing here?" he shouted in surprise. His eyes flickered towards the wreck of the pod. Hadoop ran for his life!

Chapter 5

Tradoop gave chase, yelling, “Wait until I get my hands on you!” Hadoop’s eyes were constantly scanning for a place to hide, until they settled on an auto food maker. In a flash, he ducked behind the auto food maker just as Tradoop ran past.

Chapter 6

Tradoop was gone for now, but he would be back soon. Hadoop knew he couldn't stay where he was. He took a few seconds to calm down after the close shave. Grabbing a hammer on the wall, he decided to take revenge on Tradoop and destroy his machinery, starting with the auto food maker! He bashed the auto food maker to smithereens.

Chapter 7

Next he saw a galore of mechanics! This was his time to bash down all of Tradoop's mechanics so Tradoop's base won't function! This was a 1 kilometre long and tall grid of machinery! Luckily there was a jack hammer for emergency use next to it.

Chapter 8

Hadoop was halfway through his destruction when he heard an alarm! He froze in surprise... maybe he had set off the alarm? Or maybe Tradoop had an auto alarm. Whatever the case, Hadoop knew he had to get out of there! He ran for it, and ran straight into Tradoop!

Chapter 9

In surprise, he swung the jackhammer at Tradoop. He went flying! Tradoop howled “You haven’t seen the last of me!” He had a suspicion that Hadoop was going to do this so he had prepared an emergency button that saved him! He flung out a hand, and came screeching to a stop.

Chapter 10

Suddenly, the house started to rumble. Since Hadoop had destroyed the machinery, it was falling out of the sky! Hadoop had an idea. He ran towards Tradoop's pod and pressed 'EMERGENCY EXIT'! The door opened and Hadoop zoomed away, as Tradoop yelled "NOOOOOO!" and disappeared, along with his house.

Chapter 11

Just in time for breakfast.
