Directors' Note

"The Wizard of Oz" is the dream production, and we aimed to immerse a genuine group of young thespians into a fantastical world of their own making. They are the dreamers who will go on to find their "yellow brick road", and we'll always be here, "home", to welcome them back.

Of course, we hope we captured the vibrant spectacle of Munchkinland, with whimsical songs and magical rainbows all the way to Oz, but what we really tried to build was a joyful, inclusive, and creative space for young artists. Hartsville has tremendous young talent, and theater is one way to develop our youth for a bold, bright future over whatever "rainbow" they want to reach! We thank you for supporting us and them!

About Us

Founded in 2023, Hartsville Little Theatre exists to foster children's creativity, confidence, and love of the humanities, empowering youth with self-expression, collaboration, and emotional intelligence that transfers far beyond the stage.

We offer biannual productions and workshops for students in grades 3–10, and thanks to our sponsors, scholarships were available for every child who cannot afford tuition. In just two years, we've grown from 29 children in our debut production to 61 this season, over 100% growth, and we're just getting started.

In spring 2025, we presented our first production, *The Lion, the Witch, and the Wardrobe*, to an audience of 365. Today, we're proud to bring you The Royal Shakespeare Company's edition of *The Wizard of Oz*.

Thank you for being here today! By purchasing a ticket and taking your seat in the audience, you've done something truly magical: You've helped bring this story to life. Theatre without an audience is like a wardrobe without a secret passage: still beautiful, but missing the adventure.
