The Black Rhino **Removable Rock Guard** is a bolt-in HDPE protective ring designed to shield the wheel lip against scrapes and dings. Our rock guard retains its color when scratched, keeping wear and tear low-key and ensuring a cleaner look. This non-structural ring is easy to swap in your driveway, making it a cost-effective alternative to costly wheel repairs or replacements. It's the ultimate accessory for off-road enthusiasts who want more time on the trails and less on upkeep.

BEADLOCK WHEELS

We engineer our beadlock wheels to handle the most demanding terrains. Combining function and form, these wheels come equipped with an external locking ring that clamps the tire bead firmly against the wheel. This ensures unmatched tire retention even under extreme conditions.

Beadlock wheels are not DOT approved and for off-road use only.

NEW PRODUCT SPOTLIGHT OPTIONAL MODULAR CENTER CAPS

Personalize and stylize your Black Rhino wheels with our new center caps. Designed for off-road durability and bold looks, these caps are easily swappable using only three bolts and fit a wide range of wheels, including all new Black Rhino styles and BR020 models onward. Available in three unique designs: Classic Stripe (SKU: BRCAP104), Mountain (SKU: BRCAP105), and Rhino Logo (SKU: BRCAP106). These caps are perfect for 5 & 6-lug applications (not compatible with 8-lug wheels).

We just rewrote the rules on wheel design. Introducing the all-new Fuel Off-Road Fusion Forged Series. These wheels feature a unique hybrid construction that's guaranteed to enhance and reshape your ride's style and performance. Constructed from a 6061-T6 forged aluminum barrel and an engineered cast center, each wheel is assembled using a process called fusion forging. This process allows us to build wheels with the weight savings and strength of a forged construction with the complex and intricate styling of a cast wheel.

Key features:

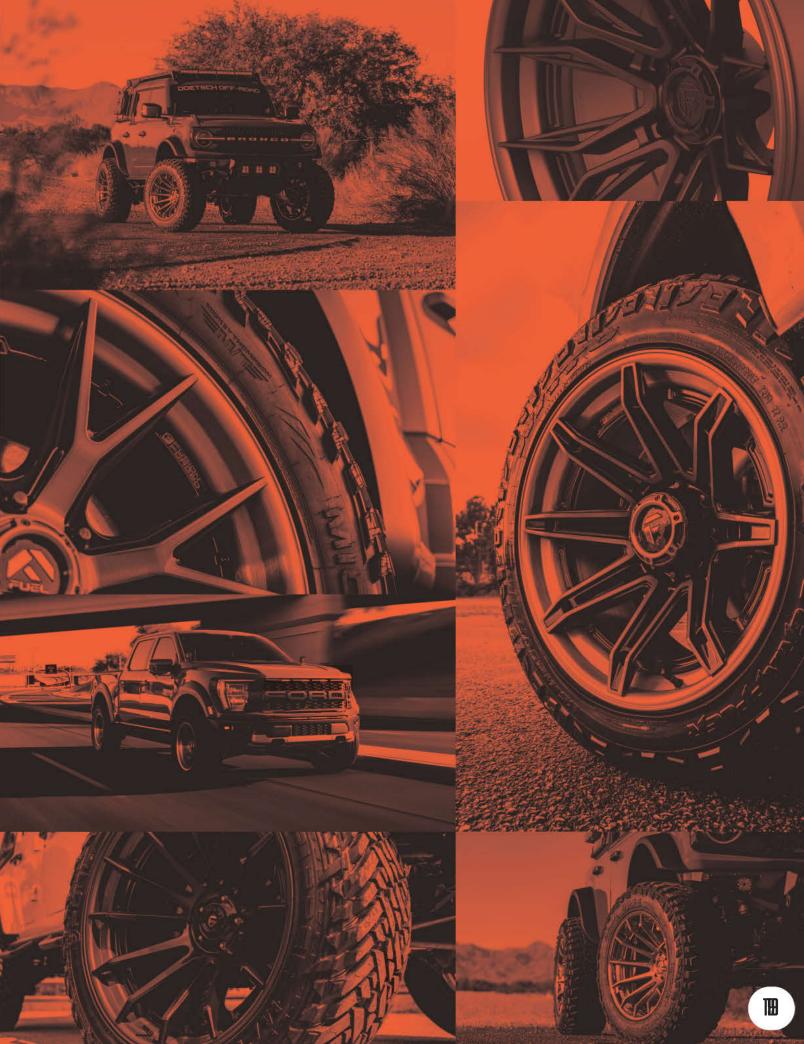

- Fusion Forged Technology (friction-based welding process)
- Combines lightweight forged barrel with an engineered cast center.
- Features weight savings and added strength benefits of forged construction wheels.
- Enables cast design refinement and limitless spoke and lip styling options. Including the over the lip floating spoke design you see on all 3 of our new Fuel Fusion Forged Designs.
- Available in two-toned and multi-finish options.

Top to Bottom:

Equal parts performance and attitude, Fuel Off-Road's lineup caters to the entire off-road spectrum. From custom forged wheels for lifted pickups to beadlock wheels for trail-bred 4x4s, Fuel Off-Road delivers style and performance guaranteed to take your build to the next level.

BEADLOCK & CAST 1-PIECE DUALLY WHEELS

Fuel Off-Road Beadlock wheels deliver unmatched off-road performance and rugged style. Designed for extreme terrain, beadlock technology locks the tire securely to the rim, preventing bead slippage under low air pressure.

Beadlock wheels are not DOT approved and for off-road use only.

Fuel Off-Road's cast one-piece dually wheels are made in fitments for street, lifted, and extreme trucks running traditional or super single front wheels. Dial in the perfect fitment with three backspace options. Choose from 2.5", 3.5", or 4.5" spacing options and take your stance to the next level. The dually lineup is offered in a variety of standout finishes, from Chrome to Gloss Black with milled accents. Backspace options give you the ability to customize your stock or modified dually truck. We offer three different specs to play with: 2.5", 3.5", or 4.5" spacing, each for a specific look and style.

STREET 2.5" SPACING
2.5" spacing for street and A/T tires as wide as
275mm

LIFTED 3.5" SPACING
3.5" spacing for street and A/T Tires 285 325mm wide
and 12.50 wide M/T tires.

EXTREME 4.5" SPACING 4.5" spacing for 13.50 wide or wider M/T tires.

The Bomber features a removable and replaceable rock ring that ensures your wheels stay in top shape even after intense off-roading adventures. Our new floating center cap stays upright and stationary while you drive, letting everyone know you roll with XD. We make the floating cap easily removable, so you can paint it, dip it, or customize it however you'd like.

CAST 1-PIECE & FLOW FORMED WHEELS

Asanti designs and engineers wheels to enhance contemporary luxury vehicles' style, stance, and performance. From cast monoblock wheels in aggressive, staggered fitments to fully custom, forged two-piece setups, there is an Asanti wheel to complement every modern luxury machine.

CUSTOM FORGED WHEELS

Motegi builds performance-oriented wheels geared toward the enthusiast. From the daily commute to track day, Motegi's lightweight and durable construction is the ultimate solution for style and performance. Experience Motegi's one-piece cast, Flow Formed, and 2-Piece Forged wheels featuring dynamic designs and standout styles.

BACK TO OUR ROOTS WITH TUNER INSPIRED FORGED WHEELS.

Motegi Forged wheels are back! Experience the rebirth of the Motegi Forged series with ten all-new styles. From fit to finish, each set is built to your spec. Pick from 15"-20" diameter options and your choice of custom widths and offsets. Motegi Forged wheels are constructed from Aerospace grade 6061-T6 Aluminum forgings using state-of-the-art manufacturing methods to exacting specifications. Our wheels undergo a battery of quality checks to ensure a flawless finished product guaranteed to elevate any application. Whether you're looking for a premium performance upgrade or to enhance your ride's style, Motegi Forged wheels deliver.

CAST 2-PIECE & 2 PIECE FORGED WHEELS

Stronger and lighter than cast alternatives, the American Racing two-piece forged lineup is 100% made in the USA. Each wheel is constructed from 6061-T6 forged aluminum and hand-crafted to your specifications. Choose your style, size, fitment, and finish, and give your ride the ultimate style and performance enhancement.

2-PIECE & FORGED WHEELS

U.S. Mags pay homage to American automotive heritage, offering a seamless fusion of classic style and modern performance. With a deep-rooted history dating back to the golden era of hot rodding, U.S. Mags is the go-to choice for enthusiasts looking to capture the spirit of vintage and muscle car culture.

ASSEMBLED TO SPEC. OUR CAST CENTER 2-PIECE WELDED WHEELS ARE AVAILABLE IN ALMOST ANY SIZE AND CONFIGURATION THAT YOU COULD WANT.

We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves. The following charts show sizing available for both soft lip and traditional lip for each style of U.S. MAGS cast center 2-piece wheels.

LIP STYLE	SIZES
STEP	15x4, 15x6, 15x7, 15x8, 15x9, 15x10, 15x12, 15x14, 15x15
SMOOTH	17x7, 17x8, 17x9, 17x10, 18x7, 18x8, 18x9, 18x10, 18x11, 18x12, 20x8.5, 20x9, 20x10, 20x10.5, 20x11, 20x12, 20x14, 20x15

Get a taste of the U.S. Mags Street Heat Series. Featuring a 2-piece billet construction and white-hot styles of the 90s mini truck scene, the U.S. Mags Street Heat Series is here to spice things up like

it's 1999. We went all out on fitment. Available in 17" through 28" sizes and custom offsets, the Street Heat Series is ready for flawless fitment on everything from your Chevy S-10 Xtreme to your modern Ford Maverick.

2-PIECE FORGED

Our 2-Piece Forged wheels offer flexibility in sizes, offsets, bolt patterns, and finishes that cannot be matched by a cast wheel. With sizes ranging from 17" to 28" and the ability to build backspacings in 1/8" increments, there is practically no fitment that can't be built.

FORGED

Precision series

FORGED PRECISION SERIES

Your ride demands superior performance and unparalleled style, and the U.S. Mags Precision Series delivers. Our Precision Series wheels are designed and manufactured in the USA. Each wheel is machined from a single 6061 T-6 Aluminum alloy forging and available in 20" through 26" sizes. Offered in three standard finishes and build times as low as 2-weeks, U.S. Mags is the ultimate solution, no matter the ride.

UTV TIRES

EFX Tires are the ultimate companion for MSA Off-Road Wheels. Built to conquer the toughest trails, these tires deliver unmatched grip, durability, and performance. Paired with MSA's rugged, high-performance wheels, your off-road experience will never be the same.

MUD MOTOSLAYER

Make the elements dread the tread with the all-new EFX MotoSlayer. Owning up to its namesake, the MotoSlayer shows no mercy while brutalizing the mud pits and its competition along the way. Neurotically engineered to be the most capable mud tire in the industry, the MotoSlayer boasts an updated checkmark tread design built for ample tracking in forward and reverse.

MUD **MOTOHAVOK**

The MotoHavok is unparalleled in deep mud traction with a 6-ply carcass and enormous 2"+ lugs. The MotoHavok is the only ag-style mud tire to feature an ultra-deep wheel lip protector, armoring your custom wheels from debris when in motion. The tread pattern is industry first check mark design giving you ample traction in both drive and reverse.

WHEELPROS

Elevate your build with our custom-forged steering wheels from top brands like Asanti, DUB, American Racing, Fuel Off-Road, and U.S. Mags. Our design process involves integrating styling cues and finishes from the wheel, adding a leather grip, and featuring an integrated horn button with a logo center cap. This approach ensures a unique piece that resonates with your customer's individuality. Like our wheels, the customization possibilities are endless

CUSTOM STEERING WHEELS CRAFTED JUST FOR YOU

WHERE STYLE AND GRIP UNITE

WHEEL ACCESSORIES

With over 40 years of experience, Gorilla Automotive Products remains at the forefront of wheel accessories. Our extensive catalog includes lug nuts, lug bolts, and wheel locks for both OEM and aftermarket wheels. Complemented by a variety of sockets, tools, and installation accessories, Gorilla offers everything you need to stay on the road.

OE/FACTORY LUGS

Factory replacement one-piece lugs. Available for multiple OE applications.

SPIKE LUGS

Available in multiple colors and thread pitches.

SPLINE LUGS

Available in multiple colors and thread pitches.

WHEEL LOCKS

Available in black and chrome finishes. Supports OE and aftermarket applications.

STUD BOLTS

Available in chrome or black, splined or hex heads and multiple thread pitches and thread lengths.

ADHESIVE WHEEL WEIGHTS

Available in strips and rolls in silver and black

TORQUE WRENCHES

#TW605- 20-150FT/LBS #TW705 -50-250 FT/LBS

FORGED WHEEL SPACERS/ADAPTERS

Available in multiple bolt patterns.

HUBCENTRIC SPACERS*

Available in silver and black, multiple bolt patterns and thicknesses.

*It is recommended to use extended lug studs when using these on a vehicle.

PROGRAMMABLE TPMS SENSOR

Most Popular variant of EZ-Sensor, single-SKU dual band solution, same fit/finish as OE sensors and over 95% coverage of VIO.

Powered by Schrader

MASTER KEY SET

#MASTER-KEYG

Thin-walled 16-piece set. With spline style keys, hex/star keys and double-hex head.

TRUCK TIRES

The Avix Trailtek RT is made for adventurers who demand superior off-road performance without sacrificing on-road comfort. Built with rugged durability, this tire is engineered to tackle challenging terrains while providing a smooth, quiet ride on highways With its innovative features, the Trailtek RT combines advanced design with functional benefits for those who need a reliable, high performance tire for their off-road truck, Jeep, or SUV.

TREAD COMPOUND / CONSTRUCTION

Our durable 3-ply construction offers superior puncture resistance for tough off-road conditions, while the silica compound enhances on-road grip and braking in both wet and dry conditions. The all-terrain design resists cuts and wear, extending tire life, with a tread life warranty of up to 45,000 miles (P-Metric) and 40,000 miles (LT/Flotation).

LADDER STEP TREAD BLOCK

The ladder step tread design enhances stability by reducing tread squirm, while built-in wear indicators at 100%, 75%, 50%, and 25% tread depth provide clear insights into remaining tire life.

TREAD PATTERN

The dual-purpose tread pattern combines outstanding off-road traction with a quieter on-road ride, making it ideal for all conditions. Its double block shoulder design enhances stability and provides aggressive grip, while the noise-reducing feature ensures excellent grip and reliable braking on wet and dry surfaces.

TREAD COMPOUND / CONSTRUCTION

Our durable 3-ply construction offers superior puncture resistance for tough off-road conditions, while the silica compound enhances on-road grip and braking in both wet and dry conditions. The all-terrain design resists cuts and wear, extending tire life, with a tread life warranty of up to 45,000 miles (P-Metric) and 40,000 miles (LT/Flotation).

INNOVATE AND CONQUER | BUILT FOR ADVENTURE

TRAILTEK

SIDEWALL DESIGN

Built-in stone and mud ejectors keep the tread clear for consistent traction on rough terrain, while modern sidewall styling offers a cutting-edge look. Customize your appearance with two sidewall design options to suit your style.

When the road ends, EFX Off-Road Tires are just getting started. Designed for the most demanding off-road conditions, EFX tires deliver exceptional durability, traction, and performance in the harshest terrains.

EFX TIRES HAS BEEN LEADING THE WAY IN PERFORMANCE MUD, SAND AND ALL TERRAIN TIRES.

ALL TERRAIN MOTORALLY

The MotoRally features an upgraded tread design utilizing increased pattern spacing and improved staggered sidewall lugs – resulting in a hard packed powerhouse that handles rocks with ease.

ALL TERRAIN MOTOHAMMER

The MotoHammer tire is the single best hard pack tire on the market, boasting the best/largest contact patch, superior traction control, rugged 8-ply carcass and radial performance.

ALL TERRAIN **MOTORAVAGE**

Designed to conquer every terrain from rocks to sand, the MotoRavage's 8-Ply rating, soft compound and deep tread blocks don't even blink at a gnarly rock garden or mud pit.

ALL TERRAIN MOTORAVAGE XL

The all-new MotoRavage XL builds off the wildly successful MotoRavage with a deeper sidewall and increased lug depth of up to 1.5" guaranteed to get you out of the deep mud pits and over the rocks with ease.

ALL TERRAIN **MOTOCRUSHER**

- 8-PLY CONSTRUCTION.
- STICKY TIRE MADE WITH A PROPRIETARY COMPETITION-GRADE COMPOUND.
- ALTERNATING SIDE LUGS FOR STEERING IN DEEP RUTS.
- REINFORCED SIDEWALL FOR LOW-PRESSURE APPLICATIONS.

AVAILABLE SIZES

32XIO.00RI4 / 32XIO.00RI5 / 33XIO.00RI5 35XIO.00RI5 / 37XIO.00RI5/ 37XIO.00RI8 40XIO.00RI8

ALL TERRAIN GRIPPER RTK

The Gripper RTK has a lightweight carcass, with 10-ply construction. What sets this tire apart is the addition of our proprietary Aramid Fiber (Kevlar) technology, adding unparalleled puncture resistance and strength.

ALL TERRAIN GRIPPER RT

Tire built for any hard pack terrain, with incredible stability and 10-ply radial construction, providing the utmost in safety and ride quality. The Gripper R/T also features aggressive side lugs, and added puncture resistance, while also featuring our lightest casing.

ALL TERRAIN MOTOCLAW

The MotoClaw comes standard with incredibly strong lugs, spaced precisely right to provide a smooth ride under the most intense terrain. This ATV tire will climb rocks, grab roots, latch on to side ruts and perform in light mud.

ALL TERRAIN MOTOFORCE

The EFX MotoForce has a tough 6-ply bias construction with deep 3/4" lug depth that extends beyond the shoulder into the sidewall for superior sidewall protection from rocks, ruts or hazards.

When the road ends, EFX Off-Road Tires are just getting started. Designed for the most demanding off-road conditions, EFX tires deliver exceptional durability, traction, and performance in the harshest terrains.

EFX TIRES HAS BEEN LEADING THE WAY IN PERFORMANCE MUD, SAND AND ALL TERRAIN TIRES.

ALL TERRAIN MOTO MTC

The MotoMTC boasts a 6-Ply construction with enormous 1.25" lugs, spaced just right to provide a smooth ride under the most intense terrain. This tire will climb rocks, grab roots and even perform in light mud and sand.

ALL TERRAIN MOTOMAX

The MotoMax ATV tire is an all-purpose mud tire designed to perform in medium to light mud while providing a stable, comfortable ride on hard pack surfaces. Designed with deep 1" lugs and evenly spread contact patch for stable traction

ALL TERRAIN MOTOVATOR

The MotoVator is a true radial, steel belted, puncture resistant tire, capable of high speeds on any hard pack surface. Utilizing light truck engineering, the inner and outer bead are steel belted to ensure the smoothest, quietest ride quality on the market.

ALL TERRAIN MOTORVATOR R/T

The MotoVator R/T is light weight race tire that is designed for low rolling resistance. An open block tread design coupled with a soft compound makes for an excellent forward bite in all conditions.

MUD MOTOSLAYER

Make the elements dread the tread with the all-new EFX MotoSlayer. Owning up to its namesake, the MotoSlayer shows no mercy while brutalizing the mud pits and its competition along the way. Neurotically engineered to be the most capable mud tire in the industry, the MotoSlayer boasts an updated checkmark tread design built for ample tracking in forward and reverse.

MUD MOTOHAVOK

The MotoHavok is unparalleled in deep mud traction with a 6-ply carcass and enormous 2"+ lugs. The MotoHavok is the only ag-style mud tire to feature an ultra-deep wheel lip protector, armoring your custom wheels from debris when in motion. The tread pattern is industry first check mark design giving you ample traction in both drive and reverse.
