Cancellation, Returns, Exchanges, Graphics and Billing Policy: PLEASE NOTE: ALL CUSTOMIZED APPAREL AND MERCHANDISE MUST BE PREPAID WITHOUT EXCEPTION AND WE DO NOT ACCEPT RETURNS OR EXCHANGES ON ANY CUSTOMIZED APPAREL OR OTHER CUSTOMIZED ITEMS. IT IS IMPORTANT TO REVIEW THE SIZE GUIDE THAT IS PROVIDED WITH EACH GARMENT PRIOR TO ORDERING APPAREL.

CANCELLATIONS & CUSTOMIZATION: Orders may not be cancelled once your online order payment has been processed through our online e-commerce platform. Due to the nature in which we purchase materials to fill your customized order, design, process, and produce your order, we do not accept cancellations of any orders once payment has been made. We only sell customized apparel and items to bonafide Villages club members, and we will not refund any purchase if you are not a club member or are asked to stop wearing the apparel or items. Please check the sizing chart provided for each garment and your order form carefully prior to submitting your order and ensure that you have ordered the correct size and that it contains clear and specific customization instructions as each item is customized to your individualized request. If you do not select a specific font, we will select a font for you. It may be possible to request additional item customization after your apparel has been ordered or produced, including adding images and text.

INSPECTION: All items sold by SOL Specialties are customized products; they are inspected and are free of material defects at the time of delivery. Please inspect your items upon delivery, if for some reason we have missed a problem, please let us know within 3 days of receipt. After 3 days, no replacements will be given.

CARE & USE: Dye sublimation is a permanent image application process, and unlike ink screen-printing, dye sublimated images will not chip, crack, peel, or fade in the laundry under ordinary care and use. Please follow garment care and laundering instructions and NEVER use fabric softener or dryer sheets with any of our polyester garments. Both fabric softeners and dryer sheets leave behind an invisible waxy coating that locks sweat and dirt into polyester fabric and keeps it from drying as designed. This may eventually lead to permanent odor from the bacteria locked into the polyester fabric.

COLORS: Dye sublimation works best on white and light-colored apparel. When ordering colored garments, be aware that it is sometimes possible for certain text or image colors to blend slightly with particular base apparel colors, resulting in a color that is a combination of both colors. We will try to advise you when you request a graphic and garment that might be susceptible to blending. Please note that actual colors may also vary slightly from the images shown due to apparel lot and dye variations and due to computer monitor settings. Dye lots and computer monitors can make colors appear slightly different.

FONTS, COLORS & SIZES: Since all items are customized to your ordered specifications, SOL Specialties is NOT responsible if you are unhappy with any fonts, colors, size or fit of the customized apparel or any image/text colors that you chose.

BILLING: You will be invoiced from the most current pricing list in effect on the date your order is placed.
