# About Us

Shree Trust Programs are geared towards long-term sustainable models that improve a community's well-being. Each of our Programs is tailored to the needs of particular community and aims to make a transformational impact on the lives we touch Our programs. Our medical missions aim to bring immediate healthcare relief. Our medical missions often involve long-term collaborations with local partners and medical authorities to ensure the continuity of the programmes that have been put in place.

# Vision & Mission

Though SECT excels across multiple Social welfare activities, our commitment to societal well-being remains paramount. As part of this vision, we seek to collaborate with the government to establish Digital Health Kiosk machines in Tamil Nadu's Primary Health Centers, ensuring accessible, time-efficient, and affordable initial health check-ups for every citizen.

Innovation in Health Care

# The Kiosk

**Our Health Care Kiosk enhances efficiency in Primary Health Centers with its cost-effective design, offering 65+ checkup parameters for quick reporting and seamless operation, ensuring accessible and streamlined healthcare for all.**
